RE: Field Exam Scheduling Letter for the following Adjudication Claims:

A61-10856

Dear Joseph & Michael,

The Adjudication Staff of the Department of Water Resources will be conducting Snake River Basin Adjudication Claim Examinations for Elmore County from July through November 1994.

Information on your claim that may need to be verified includes, source(s) of water, uses and amounts, legal descriptions of point(s) of diversion, place of use and in some cases documentation verifying the date of priority as claimed in the Snake River Basin Adjudication.

Although it is not mandatory that you accompany me, should questions arise during the exam, it would be most helpful for yourself or a knowledgeable representative to be available during the field exam. This will help in the accuracy of collecting specific information about your water right and speed up our findings.

I would appreciate your call ASAP to set-up a field exam date. I may also be calling to help speed up the scheduling due to the short field season this year.

If you have other questions prior to scheduling a date or about the field examination, feel free to call me on that too. Please call today to set-up your exam!

Sincerely,

A handwritten signature in dark ink, appearing to read 'Ron Howerton'.

RE: Notice of Claim to a Water Right No. A61-10856

Michael J. Urquidi &/or
Joseph D. Urquidi
6850 W. Amity Rd.
Boise, ID 83709

Gentlemen:

Enclosed is a copy of your Notice of Claim to a Water Right with the corrected mailing addresses that were submitted.

Please note that we have renumbered your Claim to A61-10856. This number will better reflect the fact that you have combined the two Statutory Claims Nos. 61-04130 and 61-04133. Also, please be advised that we will be requesting evidence of the date you quit using the spring water and added the second point of diversion from Syrup Creek. This evidence can be in the form of an affidavit from someone who personally knows when this change was made. Enclosed are a couple of affidavit forms for your use in this matter.

If you have any questions in regard to this matter, please feel free to contact our office.

Sincerely,

A handwritten signature in cursive script that reads 'Kay Walker'.

PHELPS FAMILY

Coming out of New York were two young lawyers and land owners, descendants of the 1630 emigrant, William Phelps, to Massachusetts and Connecticut. They took the Isthmus route and sailed into San Francisco December 20, 1849, there to become merchants and land owners. One, our great uncle, Timothy Guy Phelps, remained to become one of California's most prominent citizens. The other, our grandfather, Mark Yale Phelps, returned to New York when his father died.

Mark Phelps

Later, returning overland to California, he became involved as a Captain with the Kansas Volunteers during the Civil War. At La Cygne, Kansas, he married a descendant of the Highland Scots, Naomi McDonald. With two infants, Inez and our father, Perry Edwin Phelps, they took the Isthmus route to California and six years after returned to Kansas by train. Mark Yale Phelps sold all of his Kansas properties, captained a wagon train and arrived in Hailey, Idaho in 1881. Our father, Perry Edwin Phelps, was a scout. Naomi and other children drove teams and cared for the stock.

Our grandfather, Mark Yale Phelps, ran with the aid of his sons freight wagons from the railroad in Wells, Nevada, to mines at or near Hailey. Later these same wagons hauled freight from Elko via Duck Valley to the mines above Boise and to Rocky Bar, and then from Mountain Home when the railroad went through.

Thus he came to like a place near where the wagons went through on Syrup Creek, a branch of Canyon Creek which heads on Danskin Mountain — fifteen miles north of Mountain Home. Description of this land was: Northeast ¼ of Southwest ¼, South ½ of Southwest ¼, Section 13 — West ½ of Northwest ¼, Southeast ¼ of Northwest ¼, Southwest ¼, Section 24 — All in Township 15, Range 6 E, Boise Meridian. There he settled with his family. Another son and daughter were born at the Willows or Phelps

Ranch. Children of Mark Yale Phelps and Naomi McDonald Phelps:

A large log house was built, orchards and gardens planted. The freighting and stock raising continued. Grandfather Mark Yale delighted in his Morgan horses in Kansas, at the Phelps Ranch, and on his long treks.

The eldest daughter, Inez and her husband, Zachary Hays, homesteaded adjoining property. The Hices, Walkers, and Cairns, have been associated with this place.

Mark Yale Phelps died in 1889. He was buried on his ranch. This started the Phelps Cemetery there. The land stayed with Phelps descendants nearly a hundred years. Naomi Phelps and most of the children then lived in Boise and Portland, Oregon.

Widowed Inez Phelps Hays married Fred Whitney, then lived on the Phelps Ranch and it was known as the Whitney Place. Inez's daughter, Kathleen Whitney, and her husband, Orville Colthorp, lived there later. About 1920, Nell Phelps, the second daughter of Mark Yale Phelps, and her husband, Millman Brooks, owned the Phelps Ranch. Several of Nell Phelps Brooks's grandchildren were born there. It was known as the Brooks Ranch.

In 1933 two grandsons of Mark Yale Phelps and sons of Perry Edwin Phelps, Myron B. Phelps and Timothy Guy Phelps II, purchased the Ranch. Timothy Guy Phelps II lived there until his death in 1974. During these forty-one years, it was again known as the Phelps Ranch.

Since 1975 the land has not been owned by any Phelps except that Myron Baird Phelps owns the burial plot which is on the Syrup Creek property about 400 feet downstream from the confluence of Syrup Creek and the left hand fork of Syrup Creek (now known as Crown Creek) on the left bank looking upstream. Persons buried there are:

Mark Yale Phelps and his wife Naomi McDonald Phelps; Perry Edwin Phelps and his wife Flora Lovisa Gowey Phelps; Timothy Guy Phelps; Florence Helen Selsdorf Phelps, wife of Myron B. Phelps; infant son of Nat and Minnie Whitney; Supposition — Zachary Hayes, husband of Inez Phelps.

Dennis T. Phelps, son of Myron B. Phelps, makes the trips from Texas to care for the cemetery.

As children we had not seen the Phelps Ranch but four of our father's brothers used to visit us in western Oregon and many were the tales that we heard of "the Ranch and God's country in Idaho." Later we came to know it and our youngest brother, Norris Phelps (Died Sacramento, Ca., 24 Jan 1985), wrote Myron September, 1984: "Syrup Creek still runs between the blue shadowed hills. Fed by Cottonwood Creek, Paradise Springs, Fir Gulch and the snows of Danskin Mountain, the waters gush along over lava rocks, through the Ranch homesteaded by our grandfather, down to Long Tom Creek; into Canyon Creek and out onto the sage brush desert. In the afternoons, shadows creep down the hill over the headstones of our loved pioneer ancestors. Sweet memories are there along Syrup Creek."

MARK PHELPS

My grandfather, Mark Yale Phelps, who captained a wagon train to Hailey in 1881 and settled on Syrup Creek near Mountain Home in 1882, ran his own freight wagons from the railroad in Elko, Nevada to the mines at Atlanta and Rocky Bar. His elder sons, Perry, Francis, and Guy assisted him. Soon after his death in 1889 the operation ceased.

In the late 1920's my brothers, Timothy and Norris, and myself had eight placer claims at Rocky Bar. These were on Bear Creek at the headwaters of the Feather River. This was just beyond Rocky Bar where the then road divided and one went to the mines and the other to Atlanta.

As Timothy and Norris were attending college and I was in Guatemala, little mining was done but the assessment work was kept up and in 1946 these were sold to Spencer Caldwell of Mountain Home.

PERRY EDWIN PHELPS FAMILY

My father, Perry Edwin Phelps, and mother, Flora Lovisa Gowey, brought me to Elmore County, Idaho, from Oregon in the fall of 1917. Due to the summer heat they took their family to Featherville in the spring of 1919 and each summer for a decade.

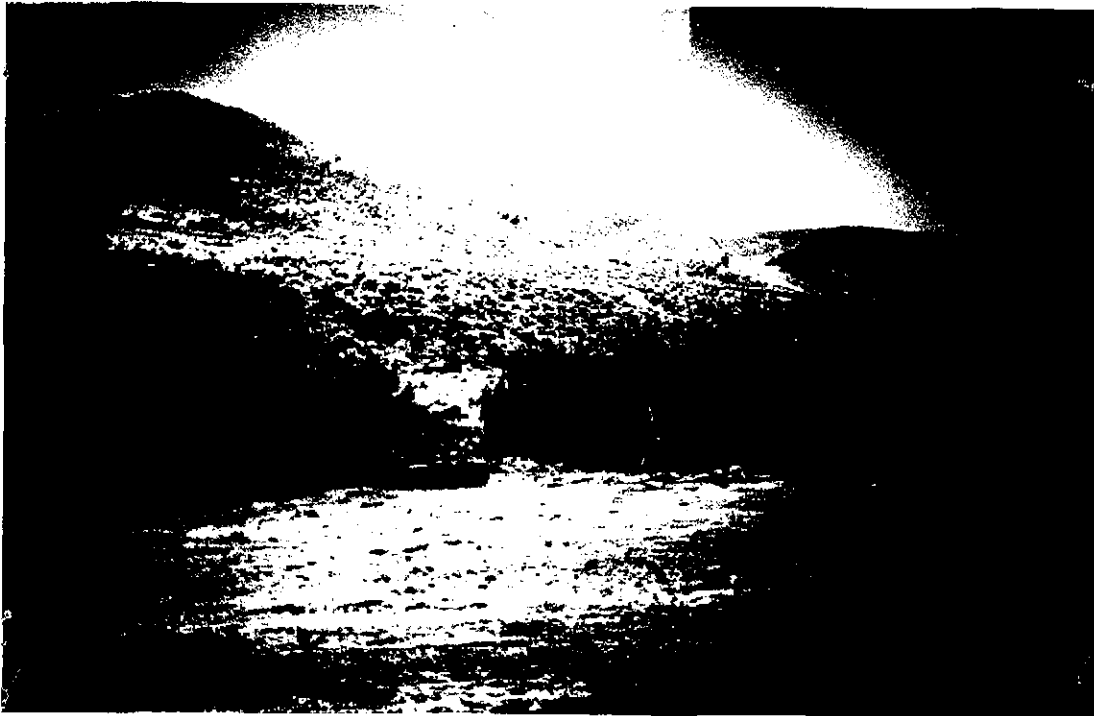

I worked for two summers for Foley Abbott, who had a ranch near Featherville. Then the South Park Dredging Company started hauling a gold dredge into Featherville. My older brothers, Mark, Timothy and Ira, worked on the last half of the construction in 1921. In 1922, I started working for the South Park Dredging Company and worked there until it closed down in 1927. It was from this experience that I became a mining engineer and ran bucket line dredges for forty-seven years in Guatemala, California, Malaya and Columbia, South America.

One winter at Featherville, while the dredge was operating, it snowed seven (7) feet and transport was by horses and sled.

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is under a legal requirement to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area should be conducted this summer by Department personnel. Prior to conducting the field exams, we will contact you to discuss details and schedule a time convenient for you.

Please submit the required evidence supporting the priority date(s) by March 15, 1993, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the toll-free number listed on the back page of the pamphlet or the Western Region office shown above.
