#2. Priority dates are various from my records. Some as early as 16 January 1980 and some as late as 15 March 1985.

#8. Total consumptive use of 630 acre feet does not meet my approval, since this appears to be based on 3 acre feet of water for 210 acres and not the original 4.5 acre feet of water for the 210 acres. ($4.5 \times 210 = 945$ A.F.A.)

The following claims to water rights have been filed in the Snake River Basin Adjudication as enlargements to existing water rights under Idaho Code §42-1426. Note that the places of use are shown to the nearest section - more specific locations are available upon request.
