Re: Original Notice of Claim to a Water Right No. 61-07404A

Renumbered Notice of Claim to a Water Right No. 61-11927

Dear Claimants:

We have received and processed a Change of Ownership for a portion of the original Claim to a Water Right Number as referenced above. This Change of Ownership required a split of the original claim resulting in renumbering this claim by adding alpha suffixes to represent each split. The new Notice of Claim to a Water Right number for your portion is referenced above and a copy is enclosed.

Your portion of this claim has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form. If you do not plan on changing any items on your claim, then no further action is required at this time. You will be notified of any future action taken on this claim. I have enclosed a copy of the original water right for your reference.

Also enclosed is a copy of the Notice of Completed Administrative Proceedings, which has been sent to the Snake River Basin Court as notification of the change.

Please feel free to contact this office if you have any questions concerning your claim or this letter.

Sincerely,

A handwritten signature in cursive script that reads "Denise Buffington".
