Dear Ms. Brown:

Enclosed are the official documents from Lemhi County Tax Assessor's office showing since the patent of the property in 1932 through this year the water has been with this property and used for agriculture. As you are aware, Homestead property had to be live on for 5 years prior to obtain a patented deed. I'm not certain what documentation you need, but I can provide documentation of ownership and use though the assessment rolls if necessary. Please advise me what else is necessary.

I have enclosed an affidavit from Clair Wiley, the daughter of E. C. Bolander, about the use of the water(1948 to 1959).

All of this information pertains to Water Right # 75-4090. The water is for irrigating pastures. *and hay fields.*

Sincerely,

A handwritten signature in cursive script that reads "John Heiser".
