RE: Snake River Basin Adjudication (SRBA)
Notices of Claim to a Water Right #75-14050, #75-14052, #75-14054, ##75-14056,
#75-14058, #75-14060

Dear Ms. Sherman:

On April 18, 2005, my wife and I met with Bob Foster in his Salmon, Idaho office to transfer the ownership of the water rights for 81 Parmenter Rd., Carmen, Idaho to our names. Mr. Foster entered our documentation into the I.D.W.R. data base while we sat in his office. That transfer of ownership documentation appears on the I.D.W.R. website.

My concern is that since that meeting with Mr. Foster we have heard nothing from the I.D.W.R. and the I.D.W.R. still lists the water rights under the former owners name and address. As you are well aware, this is a critical time with the adjudication of water rights in the Carmen Creek area.

I request that this oversight is corrected immediately, so that we will have an equal opportunity to obtain the water rights with the other property owners in our area.

I am aware of at least one other property owner in my immediate area that changed ownership of water rights on the same day as we did, and has received acknowledgement of the change from you. I am deeply concerned that our water rights may have been prejudiced due to inadequate communication from your office.

Sincerely,

Albert C. Fols
