Dear Ms. Brown:

This has been an interesting time researching the history of my little farm here in Lemhi Co.. Unfortunately it is not possible to get affidavits back further than 1944, because the previous owners of the property have died or left the country and know one knows where they can be located.

From the Deeds it is evident that they used the water for crops and animals because they had chicken coops, barns etc. and irrigation rights.

I am enclosing a Deed History hoping that his is sufficient for proof that the water was used at least as far back as 1900, for irrigation and animal use.

The Clerks at the Lemhi Co Courthouse need to be congratulated. They are the best and are so eager to help me.

Here is the running history and documents are enclosed.

1. William A. Terrill sold the property to L. C. Hampton Feb. 9, 1926, I could find no record of when he acquired it or who he acquired it from. No Tax record, but he lived there some years, and had animals and built buildings and provided for them.
2. The Hampton's acquired the property from Terrill and owned it until Dec. 20, 1944 when it was sold to Albert Ziems.. I have Affidavit that Joe Proksch helped Ziems on the farm and they were irrigating from the ditches and ponds now established.
3. Albert Ziems sold to Albert Proksch April, 1947 The ponds and ditches were being used for irrigation..
4. Albert Proksch farmed the land until 1955, growing hay, grain and potatoes, when the farm was sold to Mr. Wm. Sillbaugh, Affidavit included.
5. Sillbaugh used the land and all the ponds as well, died and estate sold to the Lindbergs by the property executor. Dec. 1958.
6. Mr. Floyd Lindberg purchased the land from Sillbaugh, Dec. 1958. He farmed and raised dairy cows on the property, using the ditches and irrigation ponds as

well as barns and other buildings. Used the well for culinary and sprinkle irrigation where it was hard to get the irrigation water to flow.

7. Boyd K. Simmons and MarRue K. Simmons purchased the farm from the Lindbergs, May 1970. We irrigated from the ditches and ponds also sprinkled from the existing well. The pumps both for irrigation and domestic water were in the pump house built before the Lindbergs arrived. WE raised eight children, hay, pasture and had a 50 cow calf operation on the acreage providing all the hay and pasture for the animals, and kept the eight children busy working to keep things going. I am leasing the farm at this time until one of my children can purchase it. All of the acreage is being irrigated from the ditches at present time.

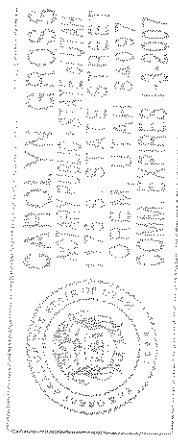

If any other information is needed please notify me and I'll try to do what you suggest. I have no power to have the deceased resurrected early so you can ask them for signed affidavits.

Sincerely,

MarRue K. Simmons (Trustee)

To Whom It May Concern:

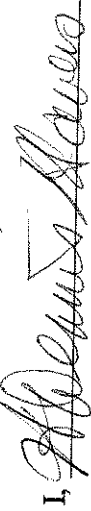

I am Joseph A. Proksch, a life long resident of Lemhi County. My family owned and operated the farm referenced by the above water right number from 1947 to 1955. We raised hay, potatoes, grain and pastured cows during those years. The land was irrigated from existing ditches on the farm and received water from the Salmon River.

I can also verify the use of water on the same property when Albert Ziems owned the farm from 1944 until our family purchased the land. Albert Ziems was a close friend of our family and we helped him occasionally with his farm work.

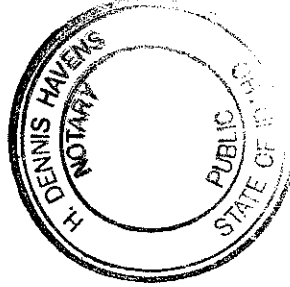

Sincerely Yours
