WASHINGTON STATEMENT

This plot is the Bureau's Record of Title, and should be used only as a graphic display of the township survey data. Records heretofore do not reflect title changes which may have been effected by lateral movements of rivers or other bodies of water. Refer to the cadastral surveys for official survey information.

State of Idaho } ss
County of Lemhi }

To all concerned. Notice is hereby given.
1st That Phil Shemon, J. Phil Baumgagan and J. B. Giles, all of said Lemhi County, hereby claim the use of the waters of Garden Creek to the extent of 40 cubic feet per second. It is intended to divert said water at a near the point where a copy of this notice is posted and more definitely described as follows: a dead pine tree on north side of Creek about 100 feet from bank, 1300 from mouth of Creek, where it joins Big Creek. The said Garden Creek enters Big Creek 1100 feet from Salmon River. Copy of this Notice is posted on said dead pine tree, which is about two and one half feet in diameter.
2d. The purpose for which said water is intended to be used is Mining and Power. The place of intended use is the Bear Placer Mine. 3d. It is intended to divert said water by means of flume and Ditch. The general course of the proposed conduit is East. The length of the proposed conduit is 1300 feet.
The destination of the proposed conduit is the Bear Placer Mine. It is intended to use said water for irrigating the following described lands. — The area of lands proposed to be irrigated by said conduit.
— Witness my hand at Post-described in Lemhi County, Idaho this twenty first day of August, 1901.

J. B. Giles

Phil Baumgagan
Claimants

State of Idaho } ss
County of Lemhi }

J. B. Giles, being first duly sworn, deposes and says that he is of lawful age and one of the Claimants of the Water Right mentioned in the foregoing notice, and whose name is subscribed thereto. That the statements in said notice are true, and that the original notice of which the foregoing is a true copy, was posted in a conspicuous place at or near the place of intended diversion (as provided by law) on the twenty first day of August 1901, at 10 o'clock P. M.

J. B. Giles

Subscribed and sworn to before me this 26th day of August 1901. And I further certify that on the date last above given, personally appeared before me the affiant above named, known to me to be the person whose name is subscribed to the within instrument, and acknowledged to me that he executed the same.

I, an notary public, I have hereunto set my hand and affixed my official seal, the day and year in this certificate first above written.

J. P. Blough

MINERAL PATENT

THE UNITED STATES OF AMERICA,
TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETING:

Land District: Hailey, Idaho.

WHEREAS, In pursuance of the provisions of the Revised Statutes of the United States Chapter Six, Title Thirty-two, and legislation supplemental thereto, there have been deposited in the General Land Office of the United States the Plat and Field Notes of Survey and the Certificate of the Register of the Land Office at Hailey, Idaho, accompanied by other evidence whereby it appears that Isaac B. Giles, Minnie M. Shenon, and the heirs of Philip Shenon, did, on September 23, 1910, duly enter and pay for that certain mining claim or premises, known as the Bear Placer Mining Claim, designated by the Surveyor-General as Survey No. 2471, embracing a portion of the unsurveyed public domain, in the Mackinaw Mining District, Lemhi County, Idaho, and bounded, described, and platted as follows:

Beginning at Corner No. 1, a cross on top at exact corner point and 1-2471 marked on a granite stone in place 2 1-2 x 4 1-2 x 2 1-2 feet high above ground, with mound of stone, from which U.S. Mineral Monument No. 6 bears South fifty-four degrees six minutes east two hundred forty-two and ninety-four-hundredths feet distant;

Thence, first course, North sixty-nine degrees thirty minutes thirty seconds west one thousand five hundred thirty-three and eighty-eight hundredths feet to Corner No. 2, a syenite stone 10 x 12 x 26 inches, marked a cross on top at exact corner point and 2-2471, with mound of stone;

Thence, second course, south thirty-eight degrees twelve minutes east one thousand six hundred eighty-three feet to Corner No. 3, a cross on top at exact corner point and 3-2471 marked on a granite stone in place 3 x 2 x 2 feet high above ground;

Thence, third course, south sixty-five degrees East four hundred seventy-eight and fifty-seven-hundredths feet to Corner No. 4, a cross on top at exact corner point and 4-2471, marked on a granite stone in place 3 x 4 x 3 feet high above ground, with mound of stone;

Thence, fourth course, north twenty-eight degrees forty-five minutes forty seconds East one thousand three hundred fifteen and fifty-one-hundredths feet to Corner No. 5, a granite stone 16 x 24 x 26 inches, marked a cross on top at exact corner point and 5-2471, with mound of stone;

Thence, fifth course, south seventy-six degrees nine minutes west six hundred ninety and eighty-five-hundredths feet to Corner No. 1, the place of beginning; the premises, hereinafter described, containing twenty-seven and nine hundred five-thousandths acres, more or less.

NOW KNOW YE, that there is therefore, pursuant to the laws aforesaid, hereby granted by the United States unto the said grantees and to the heirs, or successors, and assigns, of said grantees, the said placer mining premises hereinbefore described;

TO HAVE AND TO HOLD said mining premises together with all the rights, privileges, immunities, and appurtenances of whatsoever nature thereunto belonging, unto the said grantees, above named and to the heirs, or successors, and assigns of said grantees forever; subject nevertheless to the following conditions and stipulations:

FIRST: That the grant hereby made is restricted in its exterior limits to the boundaries of the said mining premises, and to any veins or lodes of quartz or other rock in place bearing gold, silver, cinnabar, lead, tin, copper, or other valuable deposits which may have been discovered within said limits subsequent to and which were not known to exist on November 19, 1909.

SECOND. That should any vein or lode of quartz or other rock in place bearing gold, silver, cinnabar, lead, tin, copper, or other valuable deposits, be claimed or known to exist within the above-described premises at said last-named date, the same is expressly excepted and excluded from these presents.

THIRD. That the premises hereby conveyed shall be held subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local laws, customs and decisions of the courts. And there is reserved from the lands hereby granted a right of way thereon for ditches or canals constructed by the authority of the United States.

FOURTH: That in the absence of necessary legislation by Congress, the Legislature of Idaho may provide rules for working the mining claim or premises hereby granted, involving easements, drainage, and other necessary means to the complete development thereof. IN TESTIMONY WHEREOF, I, William H. Taft, President of the United States of America, have caused these letters to be made Patent, and the Seal of the General Land Office to be hereunto affixed. GIVEN under my hand, at the City of Washington, the Ninth day of September in the year of our Lord one thousand nine hundred and twelve and of the Independence of the United States the one hundred and Thirty-seventh.

RECORDED: Patent Number 290876

By the President: Wm. H. Taft.
By M.K. Gulick, Assistant Secretary
H.W. Sanford, Recorder of the General Land Office.

Recorded at the request of E.W. Whitcomb, Oct. 11th, 1912, at 30 minutes past 11 o'clock A.M., in Book W of Deeds, page 54, Records of Lemhi County, Idaho.

RNEY CAMP F-167

Panther Creek Camp F-176

By HENRY F. BENJAMIN, Company Clerk

Panther Creek Camp, F-176, is located in the Salmon National Forest near Salmon, Idaho.

Company 1254, in charge of Panther Creek Camp, was formed during May, 1933, at Miller Field, N. Y. On June 19, 1933, the advanced cadre consisting of Captain Macy, the enlisted men, and twenty-one of the enrollees arrived at Springville, Utah. Just when the men were becoming familiarized with the West, orders were issued to strike camp, pack up, and get ready to move south. On October 16, 1933, a total of fifty-seven men entrained for Pensacola, Fla., from whence they moved to Camp Mississippi F-7, New Augusta, Miss.

The camp had only a few barracks completed, and the recreation hall and mess hall were being erected. The boys set to work and transformed this spot, that was once an eyeshore, into one of the pictorial spots in Mississippi. December 22, 1933, Captain Vincent B. Moore, Air Reserve, took command of the company. It was the untiring and determined efforts of Captain Moore that helped make this company one of the finest in District "G." On January 7, Lieut. Adams was transferred to Camp F-6 and Lieut. Lyle C. Churchill, Air Re-

serve, was attached to this company. Andrew J. Byrd became the third of the triumvirate, when he arrived on January 17th in charge of the work project.

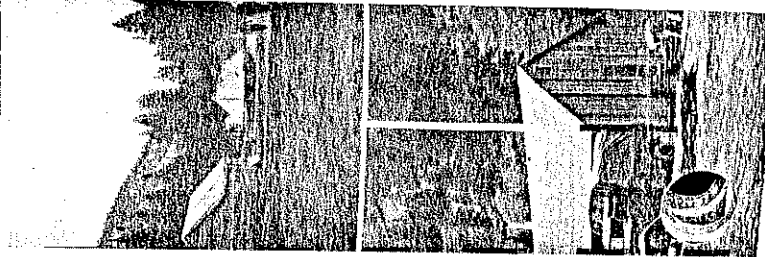

An emergency landing field was dedicated about a mile from the campsite in the early part of 1935, and a Shrine, the first in the Fourth Corps Area, was erected a short time later on the southern end of the camp.

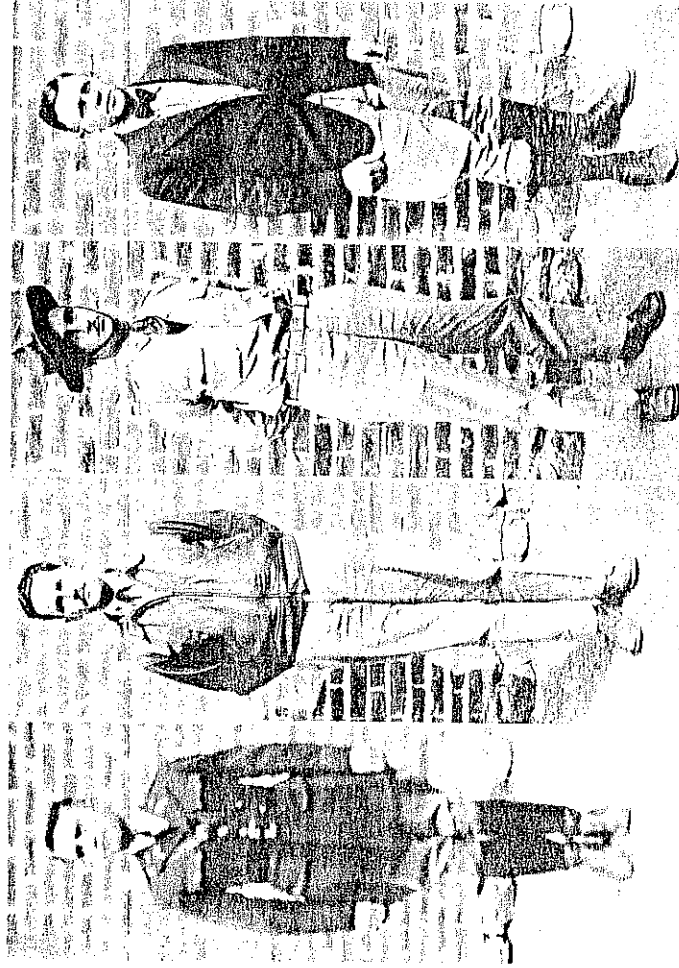

Projects in the area included reforestation, road building and fire fighting.

For over eighteen months Company 1254 was one of the leading companies in the vicinity of Hattiesburg and New Augusta, Miss.

On July 16, 1935, orders were received to prepare to evacuate Camp Miss. F-7, and two days later, the company entrained for the Ninth Corps Area, Salmon, Idaho, as its destination. Although the company has been at its new home, Panther Creek Camp F-176, for little more than a month, it has been improved considerably, and before long, the enrollees are determined, it will be rated as high a camp in the Pocatello District as it was in District "G."

Company activities at Panther Creek include forestry work, fire suppression and road construction.

© 1994

The Civilian Conservation Corps on the Salmon National Forest:
A Chronology

- 3/6/33:
FDR meets with govt/military officials to discuss his vision of CCC.
- 3/17/33:
FDR sends legislation to Congress.
- 3/29/33:
RH suggests federal relief workers build a road from Salmon to Riggins.
- 3/31/33:
Congress gives approval, officially termed Emergency Conservation Work until 1937, but popularly referred to as CCC from the start. Robert Fechner appointed director. War, Agriculture, Labor, and Interior depts cooperate administration. Initial recruitment for 250,000 enrollees by 7/1/33.
- 4/7/33:
Henry Rich of Alexandria, Va., enrolled as 1st CC.
- 4/17/33:
first camp established at on GWNF, Luray, Va.
- 4/19/33:
SNF supervisor Kinney announces the construction of a CCC camp between Indianola and Shoup. Army to supervise camp, FS work Kinney will be recruiting local skills specialists to instruct, lead work crews.
- 4/19/33:
State Senator Owen Stratton suggests that CCCs build river road.
- 4/22/33:
enrollment of 24,000 Local Experienced Men (LEM) authorized.
- 4/26/33:
FDR approves 538 camps in 12 western states, including 100 in Idaho, to employ 107,000 men. Fechner says SNF would get 6.
- 5/3/33:
RH prints article detailing the CCC, mostly a long quote from a DEpt of Labor publication: Who is in charge, who is eligible, the type of men needed, etc. RH approves, Lemhi will benefit in having jobs for young men and experienced workers, selling supplies to CCC, the work done, exposing young men to our area.
- 5/10/33:
Ads begin in RH with booster theme for Salmon-Riggins road.
- 5/15/33:
Guleke endorses the road.
- 5/15/33:
SNF begins taking local applications. Army Major from Pocatello to begin search for sites with Kinney.
- 5/25/33:
4 advance construction cadres arrive in area to set up camps. Most men from Pennsylvania. Lemhi to have quota of 12 CCs, and 75 workers. Within 12 hours of arrival of cadres, Pioneer Garage got them to 4 sites:
F87 Williams Cr, 1 Lt. FM Harris
F89 " , Capt EE Keatley
F91 Gibbonsville, Capt GH Stough
F92 Spring Creek, Capt JH Rogers. According to enrollee D. Fulwider, this was

two miles up the Spring Cr. road and a tent camp used until permanent was built at the mouth of Squaw Cr.

40 Lemhi men hired, 35 more await physical.

6/7/33:

RH says Lemhi to get 4 camps of 200 men each.

6/14/33:

12 Lemhi enrollees sent to Ketchum, 18 more workers enrolled.

6/28/33:

More CCs comin in from I.F., Blackfoot, Burley. total now 360.

PLAT

OF THE CLAIM OF
I. B. Giles, Minnie M. Sherman, Kenneth Sherman,
Philip J. Sherman and Frederick B. Sherman
KNOWN AS THE

BEAR PLACER

IN Machinaw MINING DISTRICT,
Lewisi COUNTY, Idaho
Containing an Area of 27.905 Acres.
Scale of 200 feet to the inch.

Surveyed September 3-4, 1909 BY
Allen C. Merritt
U.S. Mineral Surveyor,

The Original Field Notes of the Survey of the Mining Claim of
I. B. Giles, et al.
known as the Bear Placer

from which this plat has been made under my direction, have been examined and approved, and are on file in this office, and I hereby certify that they furnish such an accurate description of said Mining Claim as will, if incorporated into a patent, serve fully to identify the premises, and that such reference is made therein to natural objects or permanent monuments as will perpetuate and identify the same.

I further certify that Five Hundred Dollars worth of labor has been expended on improvements made upon said Mining Claim by claimants or their grantors, and that said improvements consist of a tunnel, 2 shafts, a pit, a ditch, and a dam.

that the location of said improvements is correctly shown upon this plat, and that no portion of said labor or improvements has been included in the estimate of expenditures upon any other claim.

And I further certify that this is a correct plat of said Mining Claim made in conformity with said original field notes of the survey thereof, and the same is hereby approved.

FIELD NOTES

OF THE
ESTABLISHMENT OF U. S. MINERAL MONUMENT No. 6,
MACKINAW MINING DISTRICT,
LEMHI COUNTY, IDAHO.

In executing Survey No. 2471, Mackinaw Mining District, on unsurveyed land, there being no established monument within two miles distance, I found it necessary to establish U. S. Mineral Monument No. 6;

I select a natural pyramid of granite showing 5 x 9 ft. and 6 ft. high above ground which is on the flat east of the Mouth of Big Creek.

On the apex I chiseled a cross (+) for connection point and chiseled the letters U. S. M. M. No. 6 on the north face which is smooth and perpendicular.

The mouth of Big Creek bears N. 59° W. 710 ft.

A cross (+) on a fir 28 ins. diam. blazed and scribed U S M M B T, bears S. 69° 53' E. 166.9 ft.

Latitude of Monument as determined by Survey No. 2471 is 45° 27' N.

Longitude is estimated by time measurement 114° 32' West from Greenwich.

Established September 3, 1909.

Allen Merritt
U. S. Mineral Surveyor.

SUBSCRIBED and sworn to before me by the said Allen C.

Merritt, U. S. Mineral Surveyor, this

2nd day of October A.D. 1909.

W. C. Smith

Clerk of the District Court
in and for Lemhi County, Idaho.

\$

DEPARTMENT OF THE INTERIOR,

Office of U. S. Surveyor General,

Boise, Idaho, November 16, 1909.

I, Darwin A. Utter, U. S. Surveyor General for Idaho, do hereby certify that the foregoing and hereto attached Field Notes and Return of the establishment of U.S.M.M.No. 6, situate in Mackinaw Mining District, Lemhi County, Idaho, established by Allen C. Merritt, U.S.Mineral Surveyor, September 3, 1909, have been critically examined and the necessary corrections and explanantions made, and the said Field Notes and Return are hereby approved.

Darwin A. Utter

U.S.Surveyor General for Idaho.

Feet	BEAR PLACER
	Beginning at Cor. No. 1, On south bank of Salmon River, A granite stone in place showing $2\frac{1}{2} \times 4\frac{1}{2}$ ft. x $2\frac{1}{2}$ ft. high above ground with mound of stone $2\frac{1}{2}$ ft. base 3 ft. high along side, chiseled 1-2471 and cross on top at exact point for corner, whence A cross (+) on a pine 30 ins. diam. blazed and scribed B T 1-2471 bears S. $39^{\circ} 15'$ W. 86.38 ft. No. 2, Identical with a corner of the location which is a pine tree 26 ins. diam. blazed with notice of location posted. Cor. No. 2 is a syenite stone 10 x 12 x 26 ins. set 12 ins. in the ground with mound of stone 3 ft. base $3\frac{1}{2}$ ft. high along side, chiseled 2-2471 and cross on top at exact point for corner, whence A cross (+) on a pine 24 ins. diam. bears N. $27^{\circ} 17'$ E. 16.44 ft. A cross (+) on a pine 24 ins. diam. bears S. $77^{\circ} 24'$ E. 47.88 ft., each blazed and scribed B T 2-2471. ----- Thence S. $38^{\circ} 12'$ E. 98.00 Trail, course NW. and SE. 1425.00 Garden Creek and dam 17 ft. wide, course NE. 1687.00 to Cor. No. 3, Identical with a corner of the location which is a

SURVEY No. 2471.

Feet	
	fir tree 26 ins. diam. blazed and marked for corner No. 3.
	Cor. No. 3 is a granite stone in place showing 3 x 2 ft., 2 ft. high above ground, chiseled 3-2471 and cross on top at exact point for corner, whence
	A cross (+) on a fir 24 ins. diam. blazed and scribed B T 3-2471, bears S. 47° 41' E. 5.3 ft.

	Thence S. 65° 00' E.
473.57	To Cor. No. 4,
	Identical with a corner of the location which is a fir tree 28 ins. diam. blazed and marked for corner No. 4.
	Cor. No. 4 is a granite stone in place showing 3 x 4 ft. x 3 ft. high above ground, with mound of stone 3 ft. high, 3 ft. base along side, chiseled 4-2471 and cross on top at exact point for corner, whence
	A cross (+) on a fir 30 ins. diam. blazed and scribed B T 4-2471 bears ^{N.} S. 74° 49' ^{E.} W. 8.25 ft.

	Thence N. 28° 45' 40" E.
60.00	West bank of Big Creek, course North
140.00	East bank of Big Creek, course North.
160.00	Trail, course E. and S.
1220.00	Trail, course E. and W.
1315.51	To Cor. No. 5,
	A granite stone 16 x 24 x 26 ins. set 12 ins. in the ground, with mound of stone 2½ ft. base, 3 ft. high along side, chiseled 5-2471 and cross on top at exact point for corner, whence
	A cross (+) on a pine 32 ins. diam. blazed and scribed B T 5-2471 bears N. 28° 46' E. 10.76 ft.
	A corner of the location which is the bearing tree above described is blazed and marked for corner No. 1.

	Thence S. 76° 09' W.

Feet	
279.00	Mouth of tunnel, 5 x 7 ft. running South 50 ft.
690.85	To Cor. No. 1, the place of beginning.

	Magnetic variation at all corners is 21° 05' E.

	The location of this claim has but four corners but the line from Cor. No. 5, which was Corner No. 1 of the location, to Cor. No. 2, also Corner No. 2 of the location, would include considerable water area, therefore Cor. No. 1 was put in to meander the river bank.

	A R E A .
	Total Area Bear Placer 27.905 Acres

	EXPENDITURE OF FIVE HUNDRED DOLLARS.
	I certify that the value of the labor and improvements made upon this claim for the claimants or their grantors, is not less than Five Hundred Dollars, and that said improvements consist of:
No. 22	A tunnel, the mouth of which bears S. 76° 09' W. 279 ft. from Cor. No. 5, 5 x 7 ft. running South 50 ft. Value, \$250.00
No. 23	A shaft which bears from Cor. No. 2 S. 60° 20' E. 766 ft. 4 x 8 ft., 15 ft. deep, Value, \$ 50.00
No. 24	A shaft which bears from Cor. No. 2 S. 58° 35' E. 750 ft. 4 x 10 ft., 12 ft. deep, Value, \$ 50.00
No. 25	A pit, the center of the northerly end of which is on line 1-2 N. 69° 30' 30" W. 852 ft. from Cor. No. 1, averaging 20 ft. wide and 8 ft. deep, running S. 33° E. 200 ft. Value, \$350.00
No. 26	A ditch diverted from Garden Creek at a point on line

2-3 S. 38° 13' E. 1425 ft. from Cor. No. 2, averaging 2 ft. wide and 1 ft. deep, running 780 ft. to the placer pit No. 4.

A dam at the point of diversion of the ditch above described, 2 ft. high and 17 ft. long,

Value of ditch and dam, \$100.00

LOCATION.

This claim is located on unsurveyed land in what would be, if surveyed, approximately T. 24 N., R. 17 E. E.M. The town of Leesburg is southeasterly 18 miles air line, 24 miles by trail.

INSTRUMENT.

This survey was made with Ainsworth transit No. 2056. The courses were deflected from the true meridian determined by direct solar observation. The distances were measured with 500 ft. and 25 ft. steel tapes.

REPORT.

The lines of this claim were run directly upon the ground, as well as the tie lines to the improvements.

There are no conflicting or adjoining claims, the nearest Official Survey being Nos. 2032 and 2033.

SURVEY No. 2471.

DESCRIPTIVE REPORT.

- a The soil embraced in this claim consists of decomposed mineral bearing granite and auriferous sand and gravel along the streams, all covered with a thin layer of loam and alluvium supporting a scant growth of grass and sagebrush with a few scattering trees of pine, spruce and cotton wood along the streams.
- b Salmon River meanders the north side of the claim and Big Creek, 30 ft. wide and $2\frac{1}{2}$ ft. deep flows northwesterly through the claim. Garden Creek, $3\frac{1}{2}$ ft. wide and 1 ft. deep flows into Big Creek near the southwest corner of the claim.
- c The surface and underground workings on this claim consist of:
- A tunnel, the mouth of which bears S. 76° $09'$ W. 279 ft. from Cor. No. 5, 5 x 7 ft. running South 50 ft.
- A shaft which bears from Cor. No. 2 S. 60° $20'$ E. 766 ft. 4 x 8 ft. 15 ft. deep.
- A shaft which bears from Cor. No. 2 S. 58° $35'$ E. 750 ft. 4 x 10 ft. 12 ft. deep.
- Placer Workings, the center of the northwesterly end of which bears N. 69° $30'$ $30''$ W. 852 ft. from Cor. No. 1, 20 ft. wide and 8 ft. deep, running S. 33° E. 200 ft.
- A ditch diverted from Garden Creek at a point S. 38° $12'$ E. 1425 ft. from Cor. No. 2, 780 ft. long, 2 ft. wide 1 ft. deep, running to the southeasterly end of the placer workings above described.
- A dam at the point of diversion of the ditch.
- d The nearest postoffice by the route mainly traveled is Leesburg, a mining camp of about 100 population, located about 24 miles southeasterly by trail.
- e There are no known systems or individual lodes adjoining this claim. The nearest being on Big Creek about 4 miles southeasterly from the claim.

f	This claim is adapted to placer mining purposes and can be advantageously worked with dredges, or hydraulic giants, the tailings may be rapidly disposed of by dumping into Salmon River. Big Creek carries about 200 cubic feet per second of water during the low water season, being an abundance of water for working the claim. As yet no water has been taken upon the claim for its development except in washing the placer workings hereinbefore described.. Big Creek has ample fall and a ditch not over 1 mile in length would bring water upon the highest part of the claim
g	The works or expenditures made by the claimants or their grantors for the development of the claim consist of the placer workings, shafts, ditch, dam and tunnel described under paragraph c of this report.
h	There are no mines, salt licks, salt springs, or mill seats upon this claim.

4-695.)

OATH OF U. S. DEPUTY MINERAL SURVEYOR

Under General Land Office Circular "N" of September 23, 1882.

I, Allen C. Merritt, U. S. Deputy Mineral

Surveyor, do solemnly swear that in pursuance of an order received from the U. S.

Surveyor General for Idaho, dated June 2, 1900,

~~I~~ I have made, under the provisions of General Land Office Circular "N," approved September 23, 1882, a personal and thorough examination, upon the premises, of the placer mining claim of I. R. Giles, Minnie K. Shenon, Kenneth Shenon,

Philip J. Shenon and Frederick P. Shenonknown as the BEAR PLACERsituate in Mackinaw Mining District,Lemhi ~~Co~~ County, Idaho, embracing27.905 acres on unsurveyed land

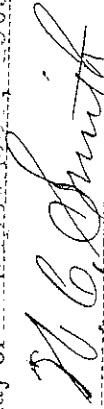

~~in Township No.~~ , ~~Range No.~~ , and that my report of such examination, hereto attached, is specific and in detail, and is a full and true statement of the facts upon all the points specified in said Circular.

FINAL OATH OF U. S. MINERAL SURVEYOR.

I, Allen C. Merritt, U. S. Mineral Surveyor,
do solemnly swear that, in pursuance of instructions received from the United States
Surveyor General for Idaho, dated
June 8, 1909, I have, in strict conformity to the laws of the
United States, the official regulations and instructions thereunder, and the instructions
of said Surveyor General, faithfully and correctly executed the survey of the Mining
Claim of I. B. Giles, Minnie M. Shenon, Kenneth Shenon, Philip
J. Shenon and Frederick P. Shenon, known as the
BEAR PLACER,
situate in Mackinaw County, Idaho, Mining District,
Lemhi, ~~in~~ Section
~~Township No.~~ Range No. on unsurveyed land,
and designated as Survey No. 2471, as represented
in the foregoing field notes, which accurately show the boundaries of said mining claim
as distinctly marked by monuments on the ground, and described in the attached copy
of the location certificate, which was received by me from the Surveyor General with
said instructions, and that all the corners of said survey have been established and per-
petuated in strict accordance with the law, official regulations and instructions there-
under; and I do further solemnly swear that the foregoing are the true and original
field notes of said survey and my report therein, and that the labor expended and
improvements made upon said mining claim by claimantor their grantors
are as therein fully stated, and that the character, extent, location, and itemized value
thereof are specified therein with particularity and full detail, and that no portion of
said labor or improvements so credited to this claim has been included in the estimate
of expenditures upon any other claim.
