1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

We disagree with the volume limit. The total acres are wrong. No list of recharge as a beneficial use.

2. Describe the changes you wish to make in the proposed recommendation:

Use historical volumes. List recharge as a beneficial use. Correct acreage.

3. Give a brief explanation as to why you disagree with these portions:

The volume limit would only allow us about five weeks of water. The canal does a lot of recharge.

☐ I AGREE with this proposed recommendation: no changes need to be made.
