My name is John Bryan, DOB 7/10/42, current address 1993 South 1500 East, Gooding, Idaho (208-934-5378).

This letter is in reference to proof of water usage, which consists of wastewater from the Big Wood Canal system on what was known as the Medford property in Gooding County. Alan Oppio now owns this Medford property.

I was born and raised just south of the Medford property and have lived within 2 miles of the property all my life. Since 1969, I have owned the property bordering on the north & west of it. I remember the Medfords growing corn in the 1950's. Later on Charlie Luther purchased the property and he utilized the wastewater as well to irrigate corn, pasture and other crops.

I hope this helps you evaluate the use of this wastewater.

A handwritten signature in cursive script, reading "John Bryan". The signature is written in black ink and is positioned above the printed name.
