MEMORANDUM

Office of the Attorney General
Natural Resources Division

TO: Don Shaff
Idaho Department of Water Resources

FROM: Steven W. Strack
Deputy Attorney General

SUBJECT: State Minimum Stream Flow Claims

DATE: August 19, 2005

Just so everything is official, I am submitting to you for retention in IDWR files the original Notices of Claim for the minimum stream flow water rights to be held by the Idaho Water Resource Board.

There are two Notices of Claim: one for claims that are timely filed, and one for "late" claims. The SRBA District Court entered an order on July 27, 2005, allowing the filing of the late claims. A copy is enclosed.

Please call if you have any questions.
