RE: 67-4034

Dear Mr. Craven:

In answer to your request for information on the billing records of your irrigation pumping account, I was unable to locate any of these records back as far as you are trying to establish priority as these records have been destroyed.

However, I did enlist the help of the Engineering Dept. and they found on their plat maps that the extension to serve your pump was in fact constructed in 1947 on our Work Order PY3724. As your pump is the only load connected on this spur extension this should be of some help to establish your filing.

If I can be of any further help please let me know.

Very truly yours,

J. B. Landon
