QUALITY REVIEW CHECKLIST FOR REPORT READY SRBA CLAIMS

	N/A	YES	NO	*
1. Does the name and address meet the USPS and our data entry standards?		☒		
2. Does the CVR contain information as to how the priority date was determined?		☒		
If the claim is based on beneficial use, is there an analysis of the evidence of priority submitted?		☒		
Is the stage code correct?		☒		
Did the reviewer initial the recommendation of the priority date ?		☒		
3. Does the CVR contain information as to how the point of diversion was determined?		☒		
Did the reviewer initial the recommendation of the point of diversion and the source and tributary ?			☒	
Does the CVR contain a description of the system that includes information as to how the source and/or tributary were determined?		☒		
4. Does the CVR contain information as to how the place of use and number of acres (for irrigation rights) were determined?		☒		
Did the reviewer initial the recommendation of the place of use ?		☒		
5. Does the CVR contain information as to how the nature of use and the season of use were determined?		☒		
Does the CVR contain information as to how the diversion rate was determined?		☒		
Does the CVR contain information as to how the diversion volume was determined?		☒		
Does the CVR contain information as to how the consumptive use volume was determined?		☒		
Did the reviewer initial the recommendation of the nature of use , the season of use , the rate of diversion , the diversion volume and the consumptive use volume ?		☒		
6. If the claim is based on a right recorded with IDWR, was the total diversion rate claimed?		☒		
If the total diversion rate was not claimed, is a review sheet attached?				
7. If the claim is based on a right that has conditions/remarks , have these conditions/remarks been considered in the recommendation?				
Are all appropriate conditions/remarks included in the recommendation?				
8. If remarks are included, are the remarks consistent with the " standard remarks " described in Adjudication Memo 32?				
9. If this claim is not being recommended, is the status code correct?	☒			
10. Did the reviewer sign the CVR?		☒		
11. Has the "quicklook" page been completed?		☒		
12. If additional documents were used in the investigation of this right, are copies of those documents included in the file, or is there a reference to the identity and location of the documents?		☒		
13. Does the file contain a copy of the recommended right?		☒		

* See attachment for additional information or explanation.

Drinking Water Supply Report

YEAR: 1992
SYSTEM: Aberdeen COUNTY: Bingham
OWNERSHIP: Municipal P.O. Box 190, Aberdeen, Idaho 83210
INFORMATION OBTAINED FROM: Mr. Mayer and Mr. Paz
LOCATION: _____
INSPECTOR: Keith A. Bithell DATE OF SURVEY: 12-15-92
POPULATION SERVED: 1406

FIELD SURVEY DATA

Well #1. This well has been upgraded and may now be used to provide additional capacity during summer months. It is not part of the automatic dialing system provided for the other three municipal wells.

The casing for the well extends 24" above the wooden floor of the well house. Pressure gauges are provided upstream and downstream of a Cla valve that regulates pressure and output. Water is lifted from a static level of 14 feet by a 50 HP submersible pump. The seal is adequate and is vented by a "t" vent. A depth gauge and sample tap are provided. The well is located in a locking metal covered frame building adjacent to the city's old water tower.

Well #2. Well is located at 4th West and Central. It was drilled in 1958 and is cased to 248 feet with 12" pipe and to 268' with 10". Static water level was 19 feet during the 1979 survey. A 50-HP U.S. motor drives a Berkeley deep well pump which was rated at 800 gpm, but probably pumps 550-600 gpm. The pumphouse has a concrete floor, is constructed of steel and is insulated. It has a thermostatically controlled heater, adequate lighting and ventilation. The pumphouse sits approximately two feet above grade on a concrete pedestal. The well has a pressure gauge and sample tap. The floor drain connects to a gravel pit within five feet of the building.

Well #3 Well house is located at Custer and Main. The building has a concrete floor and steel walls with blown insulation, Thermostatically-controlled heat, adequate lighting and ventilation

are provided. The well is 254 feet deep; static water level was 14 feet during the 1979 survey. A 60 HP, 3 phase, water lubricated turbine is rated at 850 gpm. The well is equipped with a Badger continuous flow meter, pressure gauge, and sample tap. The pump sits 2' above grade and the floor drains to gravel within 5' of the building.

Well #4. Well house is located at 1st East & Bingham. It was drilled in 1980, but the well log is not in the city files. Best estimated garnered from the City files and as-builts indicated 16" casing to 262' & 10" casing to 300'. The bowls are probably set at 100'. The well house is constructed of cinder block over a concrete floor. Thermostatically controlled heat, and adequate lighting and ventilation are provided. A 75 HP Worthington motor (Water lubricated) is used. Sample tap, pressure gauge, and recording flow meter are provided. This well is equipped with a standby diesel generator. Two floor drains lead to gravel pits. Check and gate valves are adequate. The pump sits approximately 12" above grade on a concrete pedestal.

General: Well #4 is the primary source with #2 & #3 acting as standbys should pressure at the pump drop to 60 psi (from normal operating pressure of 70 psi). Either Well #2 or #3 can be designated as the secondary lead.

Well #4 has a 100 KW stand-by generator. A 1000 gal. tank stores diesel fuel for it. The tank is 20'± from the well. The state regulations require at least 50' from a well.

An automatic dialing alarm system is provided in Well House #4.

Most of the distribution system is cast iron pipe, but replacements are of PVC pipe. The majority of fire hydrants are on 6" lines, but some are on 4" lines. The City owns all well lots. The City has an approved cross-connection control program and it is enforced. The water is not treated.

Monthly flat rate for water is \$13.10 for residential & \$23.75 for commercial.

Re: Evidence of Priority - CITY OF ABERDEEN
Water Right # A 35-04070 and A 35-04071

Dear Eric:

Enclosed is the Affidavit of Mr. Francis Fox setting out the priority date information that you will require for the above applications. Please review the enclosed Affidavit and advise if anything further will be required.

Very truly yours,

Ben Cavaness

STATE OF IDAHO)
) ss.
County of Bingham)

I, FRANCIS²⁷ FOX, being first duly sworn on my oath, do
depose and say:

I

That I was employed by the City of Aberdeen beginning
with the year 1950 and continuing until 1976.

II

That as a part of my duties with the City of Aberdeen,
I was responsible for maintenance of water, sewer and
streets. That I am personally aware that the municipal
well, which is commonly referred to as the water tank well,
which bears water right #A-35-04070 with the Department of
Water Resources, which reflects a priority date of January
1, 1916, was in operation long before the date of my
employment with the City and it is my understanding that
January 1, 1916 was the date the well was first placed in
service. That I am also aware that when I started working
for the City, that the well was in place and had been
operating since the ^{VILLAGE} ~~CITY~~ ₇₇ was formed.

III

That during my employment with the City, and on
January 1, 1959, I was present when we made operational,
what is called "the school well", which bears water right
#A 35-04071. That to the best of my knowledge, said well has
been in operation continuously since that time and has been
providing culinary municipal water to the City.

IN WITNESS WHEREOF, I have hereunto set my hand and
seal this ____ day of September, 1991.

Francis Fox

RE: **Evidence of Priority**
NO.'S A35-04070 & A35-04071

Dear Claimant:

The Notices of Claim identified with the numbers shown at the end of this letter have been filed in the Snake River Basin Adjudication (SRBA). The Notices indicate the water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notices and the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date**".

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notices have been or soon will be conducted by Department personnel. But, the Department will not recommend the Notices be decreed by the court if no evidence of a priority date is submitted.

Please submit the required evidence supporting the priority dates by JULY 15, 1991, referencing all documents with the corresponding Notice numbers. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

At. D. Siffin on Tuesday June 15th 1915 at 8:00 P.M. for the purpose of executing final papers in connection with our municipal waterworks bond etc.

Upon roll call the following were present:

Chairman, McKinnon

Trustee, Pletz

" Dvorak

" Funk

" Niebe

Absent: None

Motion made by Trustee Dvorak and seconded by Trustee Funk that bill of Kuler Brothers of Denver of \$437⁵⁰ for preparing waterworks bonds be allowed and warrant be drawn for the same to the Bank of Aberdeen and a cashier's check obtained to be sent in payment of the account. Carried.

Clerk was instructed to get the necessary village warrant books printed for the waterworks fund and Interest and Sinking fund.

Communications from D. H. Blossom and R. E. McConaughy were read, and clerk instructed to inquire if Mr. Blossom can come to Aberdeen for a day or two next week.

Clerk was instructed to inquire when electric light and power will be available in Aberdeen.

On motion meeting adjourned.

H. C. Niebe
Village Clerk.

office of ~~the~~ ^{the} Store on June 23^d 1915 at 8:00 P. M.
for the purpose of paying interest on our municipal water-
works bonds due July 1st 1915, making estimate of money
necessary for village expenses for the ensuing year, and
discussing matter of Majestic Auto Co.'s building.

Upon roll call the following were present:

Chairman. Mackinnon

Trustee. Pletz

" Funk

" Doork

" Niebe

Absent: None

Motion made by Trustee Funk, seconded by
Trustee Pletz that a warrant on the waterworks fund
be drawn in favor of the Bank of Aberdeen for \$180⁰⁰
to be transferred to the Nat'l Bank of Commerce of New York
City in payment of 24 interest coupons No. 1 of \$7⁵⁰ each
maturing July 1-1915 on our municipal waterworks bonds.
Carried.

H. C. Kiebe,
Village Clerk.

at the office of J. T. Funk on Tuesday July 6th 1915
at 8:00 P. M.

Upon roll call the following were present:

Chairman, Mackinnon

Trustee, Pletz

" Doobrah

" Funk

" Wiebe

Absent: None

Minutes of last regular and all intervening meetings were read and approved as read.

The village treasurer made monthly report of all funds on hand according to law.

A bill was presented by The Aberdeen Times for printing 400 village warrants of \$4⁵⁰.

Motion made and seconded that the bill be allowed and a warrant on the General Fund be drawn in payment of the same. Carried.

A general discussion regarding our proposed waterworks system was had with engineer Blossom and general outline made.

Thereupon Trustee Pletz introduced an ordinance entitled:

Ordinance No. 13.

Providing for the annual appropriation for the Village of Aberdeen, Bingham County, Idaho, for the fiscal year commencing on the first Tuesday of May, 1915, and ending on the first Tuesday of May, 1916.

Be it ordained by the chairman and board of trustees of the Village of Aberdeen:

Section 1. That the following sum of money, or so much thereof as may be necessary, be, and the same is hereby appropriated out of any money not otherwise appropriated, for the purpose of defraying the necessary liabilities and expenses of the Village of Aberdeen for the fiscal year commencing on the first Tuesday of May, 1915, and ending on the first Tuesday of May, 1916, and for the objects and purposes hereinafter specified:

ORDINANCE NO. 13.

PROVIDING FOR THE ANNUAL APPROPRIATION BILL FOR THE VILLAGE OF ABERDEEN, BINGHAM COUNTY, IDAHO, FOR THE FISCAL YEAR COMMENCING ON THE FIRST TUESDAY OF MAY, 1915, AND ENDING ON THE FIRST TUESDAY OF MAY, 1916.

BE IT ORDAINED BY THE CHAIRMAN AND BOARD OF TRUSTEES OF THE VILLAGE OF ABERDEEN:

Sec. 1. That the following sum of money, or so much thereof as may be necessary, be, and the same is hereby appropriated out of any money not otherwise appropriated, for the purpose of defraying the necessary liabilities and expenses of the Village of Aberdeen for the fiscal year commencing on the first Tuesday of May, 1915, and ending on the first Tuesday of May, 1916, and for the objects and purposes hereinafter specified:

Interest on waterworks bonds \$100.00
Marshall's salary \$100.00
Street work \$100.00
Instructing jail \$100.00
Publication of ordinances and notices \$100.00
Books and Stationary \$100.00
Miscellaneous \$100.00

Sec. 2. That the ordinance shall be in full force from and after its passage, approval and publication according to law.

Test:
I. C. Wiebe, Village Clerk.
M. G. Mackinnon, Chairman, Board of Trustees.

specified:

Interest on waterworks bonds	\$1260 ⁰⁰
Marshall's salary	120 ⁰⁰
Street work	200 ⁰⁰
Constructing jail	200 ⁰⁰
Publication of ordinances and printing	100 ⁰⁰
Books and Stationary	75 ⁰⁰
Miscellaneous	300 ⁰⁰

Sec. 2. This ordinance shall take effect and be in force from and after its passage, approval and publication according to law.

Passed and approved July 6, 1915.

Attest:

H. C. Kiebe,
Village Clerk.

M. C. MacKinnon,
Chairman Board of Trustees.

It was moved by Trustee Pletz and seconded by Trustee Funk that the reading of said ordinance on three different days, as required by law, be dispensed with.

Village Clerk.

ORDINANCE No. XV.

AN ORDINANCE REGULATING THE SALE AND USE OF THE WATER OF THE VILLAGE OF ABERDEEN, IDAHO, FIXING A SCHEDULE OF PRICES TO CONSUMERS, AND FIXING PENALTIES FOR THE VIOLATION OF THE PROVISIONS OF THIS ORDINANCE, AND PROVIDING FOR THE CONSTRUCTION, OPERATION AND EXTENSION OF SUCH WATERWORKS AS THE VILLAGE MAY REQUIRE AND PROVIDING FOR THE MANNER OF CONNECTION BY CONSUMERS WITH SAID SYSTEM.

Be it ordained by the Chairman and Board of Trustees of the Village of Aberdeen, Idaho, as follows:

SECTION 1. VILLAGE AUTHORITY. - The water system for the supply of the Village of Aberdeen, Idaho, shall be under the control of the Chairman and Board of Trustees who may from time to time direct the construction of such works, placing of mains, service pipes and fire hydrants, as the necessities of the Village may require.

SECTION 2. WATER COMMISSIONER.- The Board of Trustees may appoint a Water Commissioner who shall, under the direction of the Chairman and Board of trustees, have charge of such works, mains, pipes and hydrants and of the putting in of all service pipes, regulation of the water supply to fire hydrants and all water consumed, also of ditches for the supply to streets and lawns, and shall report to the Chairman and Board of Trustees quarterly, or as often as required, the condition of the waterworks and water system and make such suggestions as the nature of the service may require. The salary of said Commissioner shall be fixed by the Board of Trustees by resolution.

SECTION 3. FIRE HYDRANTS.- All public fire hydrants shall be kept in repair by the Water Commissioner, and in case of fire the members of the fire department, and such other persons as the said Commissioner shall authorize, shall have free access to said hydrants. No other person shall open or operate any public fire hydrants, or attempt to draw water therefrom, or obstruct the approach thereto.

SECTION 4. NO MOLESTATION.- Any person who shall willfully or carelessly run any vehicle against a fire hydrant or hitch any animal to the same, or draw or attempt to draw water therefrom without authority shall be deemed guilty of mis-

demeanor, and upon conviction thereof shall be punishable by a fine in any sum not exceeding One Hundred Dollars and costs and be liable for all damages done to said hydrant.

SECTION 5. APPLICATION TO VILLAGE CLERK FOR SERVICES.- Whenever any person desires to obtain a supply of water from the Village waterworks, he shall make application therefor in writing to the Village Clerk and sign an agreement that he will be governed by such rules and regulations not inconsistent with this ordinance, as may be prescribed by the Chairman and Board of Trustees for the control of the water supply. Applicant must state the location, kind of building, number of rooms and the entire area of ground to be supplied, and fully and truly state the purposes for which the water is to be used. Whereupon if the application is granted, the Water Commissioner shall be authorized to extend, at the expense of the Village, the service pipe to the inside line of the curb, at a point most convenient for ~~the~~ supplying the applicant, or if a ditch is used, the applicant shall under the instructions of said Commissioner, construct such ditch onto his premises, together with such headgate as the said Commissioner may require. In cases where street paving is contemplated, the abutting property owners must either connect their premises with the water mains before the pavement is laid, or pay the cost of the service from main to curb if made thereafter.

SECTION 6. STOP COCK.- To each service pipe there shall be attached a stop cock and key box which shall be under the exclusive control of the Water Commissioner.

SECTION 7. PERMIT FOR EXTENSIONS.- No extension of service pipes shall be made without first obtaining a permit therefor from the Village Clerk, and each building, except it be a private barn in connection with said building, shall have separate service pipe.

SECTION 8. USRES LIABLE FOR VIOLATION.- If any water consumer shall permit any person or persons from other premises, or unauthorized person, to use or obtain water from his premises or water fixtures, whether inside or outside of his building, the supply of water of such person may be cut off, and the amount paid therefor forfeited, and such unauthorized person for taking

said water shall be liable to a fine of not to exceed Ten Dollars for each offence, besides costs. Where two or more parties or premises are supplied by the same service pipe, the failure on the part of either party to comply with this ordinance shall warrant the Water Commissioner in withholding a supply of water through said service pipe, until a separate service pipe with stop cock and key box, is put in for each of said customers.

SECTION 9. PROTECTION TO PIPES.- All water users shall keep their service pipes, connections and other apparatus in good repair and protected from the frost at their own expense, but no person, except under the direction of the Water Commissioner shall be allowed to dig into the street or sidewalk for the purpose of laying, removing or repairing any service pipe.

SECTION 10. NO WATER WASTED.- If any water user shall waste water, or allow it to be wasted by imperfect water stops, valves, leaky joints or pipes, or shall run it through basins or other apparatus, or use water for any other purpose than those for which they have paid, or use in violation of the rules and regulations controlling the water supply, and the provisions of this ordinance, he shall be liable to a fine of not to exceed Twenty-five Dollars for each offence; and the water may be cut off from such water users and all payments forfeited, unless such persons shall promptly pay for such additional reasonable charges as may be charged therefor by the Water Commissioner.

SECTION 11. NO TAMPERING PERMITTED.- Any person who by himself, family, servants or agents shall use the water coming through the water mains without first paying therefor, as hereinafter provided, or shall, without authority, open any stop cock, valve or other fixture attached to the system of water supply, or shall in any way injure, deface or impair any part or appurtenance of the said works, or in any manner obstruct the same, shall be punished by a fine not exceeding One Hundred Dollars for each offence, or by imprisonment in the Village jail not exceeding sixty days, or by both fine and imprisonment.

SECTION 12. PENALTY FOR TURNING ON WATER.- If any person, after

the water has been turned off from his premises on account of non-payments of rates, or other violations of the rules and regulations pertaining to the water supply, shall turn on, or permit the water to be turned on, or use or permit the water to be used, without authority, he shall on conviction thereof be fined not to exceed Fifty Dollars for each offence and costs.

SECTION 13. SPRINKLING SHALL CEASE DURING A FIRE.- Fountains and sprinkling for lawns, yards, or sidewalks or gardens, shall not be operated during or after any alarm of fire until the signal is given that the fire is out. No fountain attachment shall be greater than three-sixteenths of an inch in diameter, and there shall be a stop cock to each fountain attachment, and the same shall be under the control of the Water Commissioner. Any person violating any of the provisions of this section shall, upon conviction thereof, be fined in any sum not to exceed Fifty Dollars, and in default of payment thereof shall be imprisoned in the Village jail not to exceed thirty days.

SECTION 14. SIZE OF SPRINKLING NOZZLE.- Sprinkling for lawns, gardens and yards, must only be used for the purpose paid for. No nozzle for sprinkling shall be larger than three-sixteenths of an inch in diameter, and in time of scarcity of water, whenever it shall in the judgement of the Village Trustees be necessary, and they shall so direct, the Chairman of the Board of Trustees shall by proclamation still further limit the use of water, for other than domestic purposes, and in his discretion provide that lawn sprinklers and hydrants shall be used only on alternate days in certain designated localities. Any person violating any provision in this section or of any proclamation made by the Chairman in pursuance thereof, shall on conviction be fined in any sum not exceeding Ten Dollars for the first offence, and not exceeding Fifty Dollars for each subsequent offence.

SECTION 15. REGULATING WATER TROUGHS.- Watering troughs for animals shall not be allowed a constant flow of water but shall only be allowed to use such quantity as shall supply the actual wants of the stock having access thereto. Nor shall continuous streams of water be permitted to flow from hydrants, faucets, or

stops over wash basins, waterclosets or urinals; or from any other apparatus drawing water.

SECTION 16. INSPECTION BY WATER COMMISSIONER.- Free access at all reasonable hours shall be allowed the Water Commissioner or Chairman of the Board of Trustees, Village Clerk or Committee from the Board of Village Trustees to all places supplied with water, to examine the apparatus, the amount used and manner of using the same, and any water user violating any of the rules and regulations controlling the water supply, shall forfeit all payments made and the right to use water.

SECTION 17. VILLAGE NOT LIABLE FOR SHORTAGE.- The Village corporation shall not be held liable for damage to any water user by reason of a stoppage or other interruption of his water supply, caused by scarcity of water, accident to works or mains, alterations, additions, repairs or from other unavoidable causes.

SECTION 18. REGULATING DIGGING OF POST HOLES.- No telegraph or telephone posts, hitching or other posts shall be put down or set within four feet of any water service pipe, nor within six feet of any main pipe.

SECTION 19. REGARDING DELINQUENCY.- The Village Clerk shall furnish to each property owner, landlord, tenant, or his agent on the first of each month a statement of the amount due for water the preceeding month, if any, and the minimum charge for the ensuing month and if any person neglects to pay his water rent, by the tenth of the month, or shall refuse to pay the water rates charged against him at the office of the Village Clerk, the said Clerk shall notify ^{the water} Commissioner who shall cause the water to be turned off from the premises of such delinquent and before the water shall be again turned on all delinquent water rates must be paid in full, to the end of the term, and 50¢ additional for expenses. Any water user not using water after the first day of the month must report the same to the Village Clerk in writing and have the water shut off, and if he fail to do so the minimum amount for the month must be paid. No allowance will be made for non-use for less than one month. All

correction as to charges, and all abaitments^{to} shall be made under the dârection of the Board of Trustees of the Village, and certified by the Village Clerk, and all water must be paid for by the owner of the property upon which the same is used.

SECTION 20. WATER METERS AND CHARGES.- The Board of Trustees of the Village shall fix by resolution the charges for water used. Water meters will be furnished by the Village but the ~~consumers~~ consumers must pay for their installation. All meters are to be installed under the direction of the Water Commissioner. Consumers shall keep all meters on their premises from frezing and the surroundings clear and clean.

SECTION 21. MAKE PROPER APPLICATION.- All water consumers shall immediately after the passage of this ordinance, and prior to the first day of December 1915 make a proper application to the Village Clerk, upon a blank to be furnished by the Clerk, for the Supply of Water to be used by such consumers, under the provisions of this ordinance.

SECTION 22. AUTHORITY TO AMEND REGULATIONS.- Nothing herein contained shall prohibit the Board of Trustees of the Village from amending altering, or adding to the proviçions of this ordinance in relation to the water supply or the rules of the same which may be adopted in conformity therewith. Provided that no alteration in water rates shall apply to any charge upon, or contract, made with the water user under this ordinance until after the expiration of the time for which such charge was made or contract ebtered into. Provided also that the Board of Trustees of the Village may by résolution make such rates and regulations as may be required for the operation of the water system..

SECTION 23. This ordinance shall take effect and be in force from and after the first day of December 1915.

Passed and approved this second day of November 1915.

STATE OF IDAHO

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. **The filing of this claim does not confirm the water right but will serve for information purposes only.** It may, however, become the basis for future adjudication of the water right by the Court.

Notice is hereby given that City of Aberdeen, C/O Kent Anderson
(name of claimant)
of Box 190, Aberdeen, Idaho 83210
(mailing address), claims a right to the diversion and beneficial use of
the public water of the State of Idaho

The extent and nature of said claim is as follows:

- (1) Describe source of water: (name of stream, lake, spring, etc., or ground water) ground water
_____, tributary to, _____
- (2) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

Amount	<u>1.17</u>	Use	<u>Municipal</u>	Period of Use:	From	<u>Jan. 1</u>	To	<u>Dec. 31</u>
Amount	<u> </u>	Use	<u> </u>	Period of Use:	From	<u> </u>	To	<u> </u>
Amount	<u> </u>	Use	<u> </u>	Period of Use:	From	<u> </u>	To	<u> </u>
	(cfs, gpm or a/f)		(dom., irri., stock etc.)					(both dates inclusive)

- (3) Total quantity of water claimed: 1.17 cubic feet per second, or _____ acre feet per annum, and/or _____ gallons per minute.
- (4) Priority claimed: (the date water was first applied to beneficial use) Jan. 1, 1916

A claim is not acceptable on a ground-water source with a priority later than March 25, 1963 or on a surface-water source with a priority later than May 20, 1971. An exception to this rule is that a claim may be filed on domestic use from a ground-water source.

- (5) A) Point of diversion: (give location of point where water is diverted from its source)
SW ¼ NE ¼, Sec. 33 Twp. 5S Rge. 31E B. M. County of Bingham
 Additional points of diversion: NW¼SW¼, SW¼SE¼, Sec. 33, T. 5S, R. 31E,

B) Describe means of diversion of water: (pump and pipeline, well, diversion dam, reservoir, length of ditch and field, etc.) Give sizes and capacities; be as specific as possible. wells, pumps, and municipal distribution system

- (6) A) Describe location of use by listing number of irrigated acres within each 40-acre tract in appropriate box. If use is not for irrigation, place an "X" in appropriate box to show location.

[illegible]

Total No. of acres _____

- B) If the water is used for other than irrigation, fully describe that use, being as specific as possible: Municipal water supply for the City of Aberdeen

- (7) If you are claiming water as a member of an organization, list name of organization: _____

water storage tank. The amount of water is based on the pumping capacity of well No. 1

SEE ATTACHED MAP

Scale: 2 inches equal 1 mile

Map should show the location of the point of diversion and the place of use of the water by 40-acre subdivisions, section, township and range of the public land survey system.
