To whom it may concern,

On Aug. 18, 1982 we went to the Dept. of Water Resources in Idaho Falls to change the water rights on this well and put it in our name. At that time someone with the initials of KCW looked up in your files the information that is on our claim to a water right. He found the Sept 15, 1960 date on the original water claim date and we were issued a water claim at that time. The number on this claim is 354136. His initials are on this claim form stating that he assisted us.

TO WHOM IT MAY CONCERN:

This is to certify that my former home located at 427 North 700 West, Blackfoot, Idaho, was purchased by Shirley and Robert Baron in June, 1979. It is presently occupied by the Barons.

The well was drilled and being used in 1960 when the house was being built. The building contractors were Norman and Hommer Hammond of Blackfoot, Idaho.

Sincerely,

Minnie Maruji

RE: **Evidence of Priority**
NO. A35-04136

Dear Claimant:

The Notice of Claim identified with the number shown at the end of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates the water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notice and the pamphlet entitled "**Evidence of Priority**". The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date**".

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. But, the Department will not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.

Please submit the required evidence supporting the priority date by JULY 15, 1991, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

All Notices required to submit this evidence are currently being reviewed for recommendation to the court. Hence, the need for expediency on your part or your agency. Every effort should be made to submit this information within 30 days of the date of this letter.

Respectfully submitted,

Eric Verner
Senior Water Agent
