Re: Water Right Number: 75-4078E

Dear Mr. Dreher:

Pursuant to your letter dated August 10, 2005, we personally visited the county courthouse in Salmon, Idaho, in order to review the IWRB recommendations so that we could make any objections we felt were appropriate.

The county clerk stated that they have not received any IWRB recommendations which we could review.

Is there another source for these materials? If not, can a copy be sent to me for review. Please advise me.

Additionally, on July 25, 2005, I sent a letter to Roxanne Brown, Water Resource Agent, indicating that the letter they sent us in regard to our water rights did not describe our property. In fact, the property alluded to in the department's letter exists south of Salmon, Idaho, while we live to the north. No response was received from your department with respect to this matter. As a consequence, we have never received proper notice of any adjudication of our water rights.

Very truly yours,

Philip M. Vinci
