Re: Irrigation on Crooked River
Right number 69-04122.

To whom it may concern;

I am writing this letter on water right claim number 69-04122.

I am writing on the water Menial Oling place. My wife and I bought the place in 1983 from Gary and Ellen Armacost. Prior to buying it we rented it for a few years. John Harrington my father-in-law who died in 2003 at the age of 86, had irrigated the Oling place for 12 years, he could not remember the place not being irrigated and I've irrigated it to present day.

Irrigation Water Rights

Dear Mr. Ciscell:

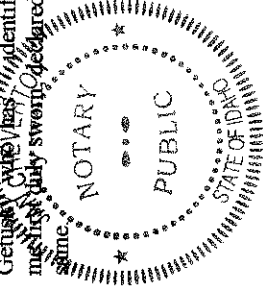

I was asked by Jack & Ava Rubelt to write this letter on their behalf. We lived on the above-mentioned property from May 1976 thru September 1979 and have first hand knowledge that the land was irrigated. At that time Mr. Armacost owned and irrigated the land. We were asked on several occasions to check and change the irrigation water. There where at least 3-4 different irrigation ditches running across different parts of the property.

Re: Irrigation on Crooked River
Claim number 69-04122.

I am writing this on behalf of Jack and Ava Rubelt proving water rights on Menial Oling my grandfather.

My grandfather Menial Oling was born in 1865 in Sweden. He came to America in 1887 and homesteaded on Crooked River. He sent for his family to come to America nine years later in 1896. When they arrived he had cleared most of the land and was irrigating.

My father Victor Oling left home and married. He moved back on the Oling homestead on Crooked River in 1936. As a child I can remember my father irrigating and me and my sisters playing in the ditch.

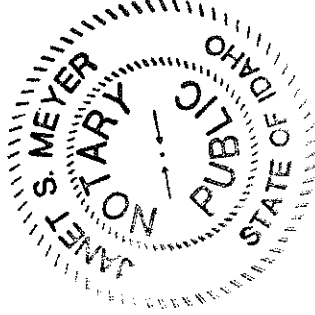

Sincerely;

Ruth Dewhirst daughter of Victor Oling
