This claim is a split of right 22-07280 which was the subject of a long court fight over ownership of cfs + acres between Katherine Rowan + Norman + Robin Riley.

Judge Daniel Hurlbutt of the SRBA court rendered a Memorandum Decision on Aug 28, 1997. His conclusion on page 12 gives the 2 parties "1/2 interest" each in the "South Well".

Even though the parties owned different amounts of irrigated acres, each received 367 acres + 4.77 cfs. To accomplish this the Rowans who actually have less than 367 irrigated acres got a water right credit on ground owned by the Riley's. This same set of principles seem to apply to the Riley's water right (22-07280B).

The terms primary + secondary acres seem to define owned acres (primary) + non-owned acres (secondary) where the water rights sit. See Keith Wilson's map (attached).

Through a bankruptcy proceeding, the Law firm of Anderson Nelson Hall Smith P.A. gained control of the water right 22-07280B but not the place of use upon which it sits.

This change of ownership reflects this new water right/
Claim owner.
