AFFIDAVIT

I David L. Hansen being first duly sworn,

deposes and says: I was raised on this farm. Although my father,

Ed Hansen, purchased this farm in 1936 and I wasn't born
till 1947, I am still very familiar with this farms history. When
my father purchased in 1936 the land had not been leveled and there
was no water for it. That 1st year he built a small house & drove a
sand point for a domestic well, and started leveling the land. In
1937 he hand dug a well on the south border of the farm, being
the highest point and started growing crops. In 1940 he dug a 2nd
irrigation well by the house for more irrigation water. In the fall of
1949 he hand dug a 3rd well out by the new barn for irrigation & livestock
domestic and started watering from it in 1950.
