**Re: Conant Creek Canal Co. Water Right Numbers 21-11088, A21-00141, A21-00083, A21-02035, and
A21-02037**

Dear Mr. Ruberry:

Your office sent to the officers of Conant Creek Canal Co. the recommendations of the IDWR for each of the above water rights. I, as the attorney for Conant Creek Canal Co., by letter, requested an extension of the time to submit the responses of the canal company to those recommendations, and you granted us an additional thirty days, which now have passed.

This has involved considerable research and we have accumulated some substantial evidence, which, we believe, should convince you that the Department should not recommend a disallowance of two of their claims. However, having to respond to several claims by this office, and because the canal company personnel have been busy with their farming operations, we need some additional time. Hopefully, two weeks should be enough.

Please do not submit your proposed recommendations until we submit our evidence. If you feel you have a deadline, please advise us in writing of the final date you can receive our responses. I think you know that I spend a lot of time on these matters and want my response to be valid and helpful to the client as well as the Department, and I promise you I will use due diligence to compile our evidence and file the same with you as soon as possible.

Thank you for your consideration.

Sincerely,

Ray W. Rigby
