AFFIDAVIT

Department of Water Resources

Georgianna Parker

being first duly sworn,

deposes and says: I have filed on my well to prevent a future situation of new

building sights needing wells, from tapping into the vein that my well is supplied by. I have

lived here most of my life. My Father hand dug with shovel and pick, a 35 foot well in 1936 (to

the best of my knowledge). At that time all the land was irrigated with ditch water from the Robinson

Seivie ditch. In 1963 he had a new house built for us on the same spot the old house existed at.

We used a 35' well until 1977, at that time Ray Uhlencot drilled a 100' well for us (see enclosed

copies). We have used irrigation water from one owner of the property surrounding us in the 70's,

and the well has furnished domestic, garden, pasture, stock watering, preventing fires and all

other needs on this one and 1/2 acre.
