Department of Water Resources

MONTE SPIERING & HOLLY SPIERING being first duly sworn,
deposes and says: My wife, Holly Spiering, and I
have owned our ranch in question in its
entirety for one year. I have been elected director
on the Schwankfelder ditch and after reviewing past
water bills and talking with neighboring ranches it seems
our ranch was once part of a much larger ranch which
has always been used for forage and crop production
even before our described priority date. On the enclosed
map I have shaded our irrigated ground in
blue and put red dots at our points of diversion
and stock water sites.
