Dear Craig,

This letter is in reply to the letter we received to verify the water claim #A67-4125. This claim is in the names of Everett, Dean and Hazel Harrington. Hazel died in 1998.

Enclosed is a "chain of title" with deeds that prove the same land ownership that is described in the "Muir Allison decree", representative deeds that prove the land originally owned by Hazel Harrington (now deceased) belongs to Dean, Ginger, Everett and Helen Harrington, and a copy of the "Muir Allison decree" with all the pertinent information highlighted.

Also enclosed are the maps that you sent us with areas marked to the best of our ability.

If you need any more information, please contact us.

Sincerely,

Ginger Harrington

NOTES.

Duty of Water in District.

The Mann Creek Decree fixes the duty at .7 of an inch per acre, the Crane Creek Decree at 1 inch per acre, while the Weiser River Decree fixes the duty at $\frac{1}{2}$ of an inch per acre for flood water, which amount is to be reduced as the flow of water decreases until the duty reaches $\frac{1}{2}$ of an inch per acre, at which point priority begins.

Decrees on Record.

All water decrees for District 41 are recorded at the Washington or Adams County Records' offices and at the office of the State Commissioner of Reclamation at Boise, Idaho.

Extracts from the Weiser River Decree:

Court costs in the suit, including Referee, Reporters, transcript, hall rent, etc., are \$5784.08, which make the cost per acre \$.21.

Water Allotted to be Appurtenant to and for use upon the Lands Designated.

Headgates and measuring weirs to be constructed and maintained and to be so placed as not to unnecessarily impede the flow of water in the streams. Water is allotted on basis of $\frac{1}{2}$ of an inch per acre for lands irrigated and must not be diverted except for beneficial use, and the Water Master is ordered to shut off all ditches where the water is not put to a beneficial use or where the parties diverting the water permit wastage.

The Water Master shall rotate the water in the ditches whenever he believes the duty and efficiency may be materially increased thereby. Any questions regarding the water rights of the District should be referred to A. Flournoy Galloway, Water Master, or to W. G. Swendsen, Commissioner of Reclamation, at Boise, Idaho.

Weiser, Idaho, April 1, 1919.
