Dear Roxanne,

Thank you for contacting us about Forest Service water right claims in the Snake River Basin Adjudication (SRBA). Our investigation into these claims has resulted in three distinct groupings.

The first is a group of 83 claims shown on an attached list that we would like to withdraw from the SRBA.

The second is a group of 127 claims shown on a attached second list. These are existing licensed water rights and statutory claims to water rights which were given a new number, reported in the Directors Report for Domestic & Stockwater Claims for Basin 75 and subsequently decreed by the SRBA Court under those new numbers. We request that the claims based on previously licensed water rights or statutory claims to water rights be reported in the Directors Report for Irrigation & Other Claims for Basin 75 as: "Disallowed, decreed as 75- _____", with the appropriate decreed water right number as shown on the second list. By doing this there will be a record of the original claims based on licenses and statutory claims along with the beneficial use claim numbers that were ultimately decreed.

The third group of 20 are just slightly more complicated and require additional attention. We will contact you as soon as possible on their disposition.

We appreciate your willingness to work with us on the SRBA. If you have any questions about these matters, please contact Steve Spencer at 331-5944.

Sincerely,

MICHAEL COLLETTE
Regional Water Rights Program Manager
