To the IDWR:

In reference to the beneficial use water by members of the Farmers Canal, my family has been involved in its use since my grandfather, George Gould, purchased the land in 1909 that I still live on. My father, Clarence Gould, was born in 1895, on Cottonwood Creek, south of Council. He came to our ranch with the rest of the Gould family in 1909. He spent the rest of his life (until 1987) on our ranch.

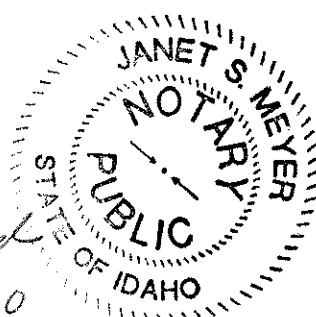

I was born in Council in 1945 and have lived on the Gould ranch most of my life. I remember my father, his father, and my two Gould uncles irrigating from the Farmers Canal. They worked with the other Farmers Canal members in taking care of the ditch and making sure everyone received their waters.

The irrigating season can start in March and continue until sometime in November. Although the lands have changed ownership, the land irrigated has remained basically the same.

In 1975, my uncle, Lester Gould, assisted the other members of Farmers Canal in making the applications for the beneficial use waters referred to on claim numbers 67-4116 and 67-11417.

Respectfully,
Donna K Nelson

Farmers Canal

WR 67-4116 + 11417

These 2 Water Rights are statutory & beneficial use claims & they are the only claims Farmers Canal is filing on. All decreed water is in individual users names. 11.43 cfs + 3.8 cfs is in line with the amount of acres filed on by the canal company.

Priority affidavit is in file

Seeing as it wasn't in last decree, it will be a 1919 date & is feasible to

The ditch has more than enough capacity for 15.23 cfs, but can only receive that amount until the river starts dropping.

W.R. 67-14091 is a merge of 67-39+40 & is to stay in Andersons name. Disallow for former Canal but not for Andersons.

WR 67-11419 is a combination of 67-43+44 & is to be disallowed to Farmers Canal but not to Nelson-White-Bould.

Are these folks paying Farmers Canal for shares?
 Is Farmers Canal delivering to these claimants?
 Are they using live water?
 Should these 2 claims be disallowed?

One of POU's for 14091 is same as in 4116. (1st POU is off Farmers Canal & others are Redvisions)
