

Statement

I grew up on Soldier Creek and went to Grade school at the junction of Soldier Road and Phillips creek road. The ditch referred to as the 'high line ditch' had water in it from 1931 to 1939. the years I lived in that area. The ditch was next to the school yard and we played in it. Further in 1968 when visiting Norman Leek, son of Irene Leek, he was irrigating with the water from the 'high line ditch'. He indicated he had too much water and asked if Dad and I would shut the head gate down 2 turns , which we did. The 'high line ditch' has been a source of irrigation water for Aunt Irene's property continuously, to my knowledge. I am 79 years of age.

Jack F. Renfrow
