1. The first step in the process is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the problem.

2. Once the problem is identified, the next step is to define the objectives and goals of the project. This helps to clarify what needs to be achieved and provides a clear direction for the team.

3. The third step is to develop a plan or strategy to address the problem. This involves breaking down the problem into smaller, manageable tasks and determining the resources needed to complete each task.

4. The fourth step is to implement the plan. This involves putting the strategy into action and monitoring progress regularly to ensure that the project is on track.

5. The final step is to evaluate the results of the project. This involves comparing the actual outcomes with the original objectives and goals to determine the success of the project.

FROM: ERIC VERNER *EV*

SUBJECT: FILING FEE

=====

My field examination of SRBA claim A35-11245 revealed that the claimed domestic portion of the claim was developed at two different times. In 1921, one home was built and occupied along with irrigation of approximately 1 acre. In the 1970's, the Bendixsen's purchased the farmstead, abandoned and tore down the original home and rebuilt the home now occupied by C. Lee Bendixsen. In 1984, Floyd Bendixsen's home was built and hooked up to the same well used by C. Lee.

The claimant amended A35-11245 by changing the number of homes from 2 to 1 and reducing the irrigation component to 1 acre. Floyd Bendixsen then filed claim A35-13060 to cover the domestic right developed for his home.

Since Floyd's domestic use was originally included under notice A35-11245 and was done so, apparently by mistake, I did not charge a late fee for filing A35-13060.

RE: AMENDED NOTICE A35-11245 AND NEW NOTICE A35-13060

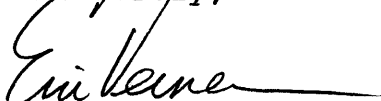

Dear Mr. Bendixsen:

Pursuant to our phone conversation, please find enclosed amended adjudication claim A35-11245 and a new claim, A35-13060. As discussed, the amended notice changes the number of homes from 2 to 1 and adjusts irrigation to 1 acre to cover your home and yard. The new notice covers the domestic use at your fathers house. The domestic claim allows irrigation of 1/2 acre.

Please review the claims and when satisfied, sign them in front of a Notary Public and return them to my attention. There is no filing fee for the amended claim. The filing fee for the new claim is \$25.00.

As always, feel free to contact our office if you have any questions about this matter.

Sincerely,

Eric Verner
Sr. Water Agent

RE: NOTICE OF CLAIM A35-11245

Dear Mr. Bendixsen:

The above mentioned notice of claim was filed by you to record the water use from the well at your house. I conducted a water right exam last September with Mrs. Bendixsen present. I did verify that the location of the well and homes were correct as claimed and that 1.40 acres were irrigated.

Before a final recommendation can be made for this right, you must submit evidence that tends to support the claim that **all** the uses were in place by 1927 (two homes and irrigation of 1.4 acres). If you do not submit any evidence, we can not recommend the water right to the court.

Please contact our office if you have any questions regarding this matter. We can help you amend the claim if you feel that some changes are needed. Please submit the requested information by October 12, 1993.

Sincerely,

Eric Verner
Sr. Water Agent

RE: Evidence of Priority *****FINAL REQUEST*****
 RESPONSE DEADLINE
 JANUARY 20, 1992

Dear Mr. Bendixsen:

Our records indicate that your claim, listed above, is based upon either a "Statutory Claim" or "Beneficial Use" of the water. For water rights of this type, the claimed "Priority Date" must be substantiated with supporting evidence. We previously requested this supporting evidence be submitted by July 25, 1991, and to date we have not received the requested documentation.

Before the Department can make a recommendation to the Court to decree the claim, some evidence of the priority date must be submitted. We are enclosing a brochure outlining the types of evidence you may submit, and a printout of your claim for reference. We request that you submit your evidence of priority as soon as possible.

If we do not receive the requested documentation, the Department will recommend the claim be disallowed, due to lack of evidence supporting any priority date.

Please submit the required evidence supporting the priority date by January 20, 1992. Please reference the claim number on your correspondence. If you have questions or need other assistance, please contact this office.

Sincerely,

Eric Verner
Senior Water Rights Agent

RE: **Evidence of Priority** A35-11245

Dear Claimant:

The Notice of Claim identified with the numbers shown at the end of this letter has been filed in the Snake River Basin Adjudication (SRBA). The Notice indicates the water usage is based on "Beneficial Use" or a "Statutory Claim". Water rights of this type are established by the historical use of water, dating back to when water was first used for the purpose claimed, at or on the place of use identified on the Notice. The date the water was first put to use, known as the priority date, has not been confirmed by a License, Decree, or Permit. For this reason, proof must be provided supporting the priority date.

For your reference I have provided a printout of your Notice and the pamphlet entitled **"Evidence of Priority"**. The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement. While I encourage you to read all of the pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May Be Evidence of the Priority Date"**.

It is our goal to recommend this historical water rights within the Snake River Basin as accurately as possible. Field exams to verify other items of the Notice have been or soon will be conducted by Department personnel. **But, the Department will not recommend the Notice be decreed by the court if no evidence of a priority date is submitted.**

Please submit the required evidence supporting the priority date by JULY 29, 1991, referencing all documents with the corresponding Notice number. If you have any questions not covered by this letter or the enclosed pamphlet, please contact this office.

All Notices required to submit this evidence are currently being reviewed for recommendation to the court. Hence, the need for expediency on your part or your agency. Every effort should be made to submit this information within 30 days of the date of this letter.

Respectfully submitted,

Eric Verner
Senior Water Agent

RE: Water Right Claims Returned

Dear Claimants:

The Idaho Department of Water Resources (IDWR) is returning your checks #235 (\$305.00), #1780 (\$58.00), and Notices of Claim to Water a Right because of insufficient information and overpayment. All items on the claim forms must be correctly completed and fees submitted before the IDWR can process the claims.

Some of the items on the submitted forms were not completed correctly. I have enclosed typed forms compiled from the information you submitted and the information in the IDWR water right records. Please review the typed forms for accuracy. If the forms are correct, you must sign them (your signature must be notarized) and return them to the IDWR.

The filing fee for each of the claims is \$50.00, plus a variable fee of \$1.00 per acre. The filing fee for the C. Lee & Virginia Bendixsen claim is \$52.00. The filing fee for the C. Lee & Floyd Bendixsen claim is \$122.50. There is no cfs fee nor a fee for the domestic use which is supplemental to the irrigation.

Please return the signed and notarized typed forms to the IDWR within 30 days of the date of this letter. Failure to return the corrected claims within the 30-day period may result in an assessment of an additional \$50.00 late-fee for each claim.

If you have any questions, please call Tony Olenichak, Water Rights Agent, at (208)-525-7161.

Sincerely,

Tony Olenichak
