RE: Water Right Claim Returned

Dear Mrs. Hardcastle:

The Idaho Department of Water Resources (IDWR) is returning check #151 (\$25.00) and Notice of Claim to a Water Right, received 5/22/89. The permit system for establishing a water right for "multiple domestic" wells became mandatory after March 25, 1963. If a permit to appropriate water was never completed for the post-1963 well, an application for permit should be submitted instead of the claim form.

However, if the original intention of the well was not to serve more than one house, and the houses were connected to the well at different times (different priority dates), a claim form for each house may be completed. Otherwise, a permit application is required rather than the two claims.

I have enclosed a permit application and instructions needed to apply for a "multiple domestic" water right. I have also enclosed new claim forms if the houses were connected at different times and you wish to file two claims (to preserve each priority date) rather than a permit application.

If you complete the claims separating the houses, the priority dates in Item #2 must be different. Items #6, #7, and #9 must reflect the amounts for one house. The standard amount for one house is 0.04 cfs.

The filing fee for two claims is \$50.00. The filing fee for the permit is \$30.00, but the priority date will be the date the application is received by the IDWR. If you complete the permit application for the two houses, the claims are not necessary. If you are returning the claims, they must be returned within 30-days of the date of this letter or an additional \$50.00 late-fee will be assessed for each claim.
