RE: Snake River Basin Adjudication (SRBA)
Water Delivery System Boundaries and/or Service Area

The purpose of this letter is to ask for your assistance in helping IDWR identify the boundaries and/or the service area of your water delivery system. This is the initial phase for identifying water delivery systems for the Snake River Basin Adjudication. Any information you can provide us showing your boundaries and/or service area will be appreciated. The preferable method for presenting this information would be to draw outlines of the boundary and service on some form of a chart or map.

Please submit your service area boundary information within 30 days.

Thank you for your assistance. If you have any questions or concerns, please contact me at 1/800-451-4129.

Sincerely,

Erik Norquest

RE: Snake River Basin Adjudication (SRBA)
Water Delivery Service Areas

Thank you for providing me with your water delivery boundary map. I will now enter the boundaries into ARCVIEW, a computer digital photographic mapping program. Once this is complete, I will provide you with a color aerial photo image along with a copy of the map you sent me. You can then compare them and let me know if there are any adjustments you feel need to be made to the boundary.

Should your boundary overlap another water delivery system boundary, I will send you an aerial photo image showing both boundaries and the area of the overlap. You will then need to work with the other entity to resolve the boundary difference.

If you have any questions, please don't hesitate to call me at 208/327-7935.

Sincerely,

A handwritten signature in cursive script that reads "Erik Norquest".

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief
