MEMORANDUM

April 6, 1995

TO: Any PRBA Claim with a Stipulation
FROM: RON HOWERTON

RE: RECOMMENDATIONS/STIPULATION

I. CONVERSATION WITH DON SHAFF:

1. Met with Don 4/5/95 at S.O. on how to proceed with "R" file recommendations.
2. Don re-confirmed that the stipulation amends the "A" claim, thus for the split ownership of this right both the "A" and "R" files can be completed.
3. He said that because of the stipulation no field exam is needed, nor do I need to print a CVR. In place of the CVR I'm to print out a profile report with comments pertaining to the stipulation.
4. I asked him if the copy of the stipulation he gave me had enough signatures on it to make the recommendation? He said yes.

II. CONVERSATION WITH JEFF PEPPERSACK

1. Met with Jeff 4/5/95 at S.O. asked if he had any paperwork pertaining to how much water was recommended for this right. He said that he thought Dan Steckel had all of it.

III. CONVERSATION WITH DAN STECKEL

1. Called Dan at S.O. 4/6/95 asked if he had the paperwork that showed how much water was to be recommended for this right. He said Don had it in his Boyd Jackson's file.

IV. CONVERSATION WITH DON SHAFF

1. Called Don at S.O. 4/6/95 asked him if he had the paperwork for the amount of water recommended? He said yes he did. He said that eventually that file would come over to Western. I asked if I needed to put the paperwork showing how much water was to be recommended in that file? He said yes, but it may be several months before he would send that file to us. So I asked was it necessary for me to have it to make the "R" file recommendation? He said no, proceed with the recommendations.

May 23, 1995

SPRING MEETING WITH DAVE SHAW & HIS ATTORNEYS:
Ref: OWNERSHIP CHANGES

1. Dan Steckel said that after an ownership change has been made, he needs a copy of the Ownership Change when completed. He doesn't need a copy of the claim.
2. During our conversation with Dave Shaw and Don Shaff, the Attorney's were in agreement that the stipulation's we have copies of now can be used to amend the "A" claim the same way as a Transfer would.
3. A recently licensed permit can also be used to amend the claim with an ownership change with an added requirement. A letter must accompany the ownership changed claim, stating that the claimed permit was licensed since this claim was filed, the claim has been revised to correspond to the licensing. If they have any difficulty with this clarification, they need to contact our office within 30 days of the letter. (The "A" claim is given a "T" status for the 30 day period.

IN THE MATTER OF THE GENERAL DETERMINATION OF THE RIGHT TO THE USE OF THE SURFACE AND GROUND WATERS OF THE PAYETTE RIVER DRAINAGE BASIN

NOTICE OF CLAIM

IDENT. NO.

MAP NO.

TO A
WATER RIGHT

65-0085 Department of Reclamation

Notice is hereby given that ~~O'Turkey (Maxfield) Ditch~~ - Letha Irrigation & Water CO., Inc.
(Name of Claimant)

c/o Edna Upson R/R Box 240 Emmett, Idaho 83617
(Mailing Address) claims a right to the diversion and beneficial use of the surface or groundwater, of or tributary to the Payette River;

The extent and nature of said claim is as follows:

- (1) Date of priority: (When was the water first applied to a beneficial use, or date that permit was issued) Oct. 27, 1884
Recorded Book 1, Page 98 of Water Rights - Canyon Co.
- (2) Describe source of water: (Name of stream, lake, spring, etc., or subterranean) Payette River
- (3) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:
Use 11.78 cfs 1863 2650 AF 3/15 (Both Dates Inclusive) 11/15
Irrigation 8-2-55 4-4-77 Period of Use From 4-2 To 10-51
(Domestic, irrigation, stock, etc.) (Mo., Day) (Both Dates Inclusive) (Mo., Day)
- Use _____ Period of Use From _____ To _____
(Domestic, irrigation, stock, etc.) (Mo., Day) (Both Dates Inclusive) (Mo., Day)
- Use 1674 AFA Period of Use From _____ To _____
(Domestic, irrigation, stock, etc.) (Mo., Day) (Both Dates Inclusive) (Mo., Day)
- (4) Quantity of water claimed: 11.78 cfs 1863 2650 Cubic Feet Per Second, or 2238.1 Acre Feet Per Annum, and/or 9.94 Gals. Per Minute.
- (5) A) Point of Diversion: Give location of point where water is diverted from its source SW 1/4 NE 1/4, Sec. 8, Twp. 6N, Rge. 2W, B.M.; additional points: Payette River, South of the River known as the outside Slough
- B) Describe means of diversion of water: (Pump and pipeline, well, diversion dam, reservoir, length of ditch and field, etc.) Give sizes and capacities; be as specific as possible. Gravity Ditch - 900 inches of water - 60 ft wide and 1 1/2 ft. deep. To be used from point of diversion to Sec. 6 T-6N, R2W 3 1/2 miles of Ditch Irrigates Sec 7 N of Highway, Sec 6 South of Seven Mile Slough, Sec 1
- (6) Describe location of use by listing number of irrigated acres within each 40-acre tract in appropriate box. If use is not for irrigation, place an "X" in appropriate box to show location.

O. Turley.
Locator.

Payette River

Notice.

Is hereby given that I the undersigned, hereby claim five hundred inches of the water of the Payette River, in Ada County, Idaho Territory, under four inch pressure, for irrigation purposes. The point of diversion is to be on the South part of the River, known as the outside Slough, about one hundred yards North of the number two School House and about three hundred yards below the Rossi ditch on the South side of the Slough running in a westerly and North westerly direction.

To be used from the point of diversion to Sec. 6. Township 6 N. of Range two west: the said ditch to be 3 1/2 feet wide at the bottom and 1 foot deep. I also claim the right of way for said ditch according to the laws of the United States.

Dated at the point of taking said water on day of
October, 1884.

O. Turley

Recorded at the request of O. Turley Oct 27th, 1884 at 30 min past 9 A.M.

Re: Civil Case No. 3667 - Frasier, et al Objection 65-00085

Dear Payette River Water User,

In July 1982, Richard Frasier, William Conrad, Don Craig, Jay Sisler and Stan Brown on behalf of themselves and others in the same class filed an Objection to the Findings with the Third Judicial District Court in the Payette River Basin Adjudication. The parties maintained the diversion rate recommended for their water rights and others from the Payette River were not correct for the "bottom lands" irrigated by those water rights.

This group of water rights are among the last water rights remaining for decree in the Payette River Basin Adjudication. Most of the water rights were decreed on January 21, 1986 and in subsequent partial decrees.

Your water right referenced above was listed in the Proposed Finding with a diversion rate of 9.80 cubic feet per second (cfs). Having reviewed the data submitted by the parties and data and evidence obtained by the Department, the Department recommends a diversion rate of 11.77 cfs. If the amount of water is not proposed to change, data and/or evidence indicated a change was not justified.

The Department has made an effort to determine a fair and accurate diversion rate for each of the parties. If you disagree with the proposal above, please contact us by May 15, 1992. We hope to resolve any disputes that may exist before going to the court asking for a decree of your water right through a Motion for Summary Judgment.

A summary judgment allows the judge to make a decision without the time or expense of a trial when the facts are not disputed. Notice of this motion and the accompanying hearing will be provided to you 28 days before the hearing.

Regards,

Donald V. Sharf
Manager, Adjudication Section

Re: O'Turley 65-00085 10/27/1884 9.80 c.f.s.

Dear Mr. Shaff,

Upon reviewing the flow rate questionnaire with appropriate information and applying the water requirements table furnished by the Soil Conservation Service, Letha Irrigation and Water Co. Inc. objects to the proposed finding of 9.80 c.f.s. listed for this water right.

According to the information supplied, a flow rate of 17.35 c.f.s. is required. Therefore, Letha Irrigation and Water Co. Inc. respectfully requests that the original diversion rate of 16.08 c.f.s. filed for dated 2/1/1990 be adhered to. We feel that this rate is not excessive and is necessary for the types of soil irrigated.

Sincerely,
Board of Directors

Re: Civil Case No. 3667
Frasier, et al Objection 65-00085

Dear Payette River Water User,

In July 1982, Richard Frasier, William Conrad, Don Craig, Jay Sisler and Stan Brown on behalf of themselves and others in the same class filed an Objection to the Proposed Findings with the Third Judicial District Court in the Payette River Basin Adjudication. The parties maintained the diversion rate recommended for their water rights and others from the Payette River were not correct for the "bottom lands" irrigated by those water rights.

This group of water rights are among the last water rights remaining for decree in the Payette River Basin Adjudication, most of which were decreed on January 21, 1986. The water rights decreed in the Payette adjudication will be incorporated into the eventual decree in the larger Snake River Basin Adjudication (SRBA) now proceeding in the Fifth Judicial District, provided new claims have been filed in the SRBA. Otherwise the achievement of a decree in the Payette adjudication could be voided.

Your water right referenced above was listed in the Proposed Finding with a diversion rate of 9.80 cubic feet per second (cfs). You will find enclosed a two-page form that when completed by you will describe your water delivery system and irrigation methods. The information you supply is essential in order for the staff of the Department to evaluate your irrigation water requirements. Much of the information required is technical, and you may wish to contact the Soil Conservation Service or other professionals for assistance with the form.

To expedite the process to resolve the Frasier objection, please return the enclosed form within 45 days. Without the completed form, the Department will assume you agree with the water right described in the Proposed Finding with the diversion rate shown above.

Please contact me if you have questions about the matters set out above. Thank you for your patience in this process.

Regards,

Donald V. Shaff

RE: Civil Case No. 3667
Frasier, et al Objection

Dear Nelda,

I have enclosed several letters addressed to Letha Irrigation and Stewart Ditch Company, each of which shows a different water right with the accompanying cfs amount. The following list should help connect which letter goes to which ditch.

LETHA DITCHES.

<u>Name</u>	<u>Water Right No.</u>	<u>Priority Date</u>	<u>Amount</u>
Anderson	65-00080	05/31/1889	11.26
Kesgard	65-00084	08/21/1886	7.16
Nichols	65-00079	03/30/1881	8.32
Riggs	65-02030	06/12/1905	3.20
	65-10337	04/01/1913	1.47
Rasmussen	65-00081	12/30/1889	10.65
O'Turley	65-00085	10/27/1884	9.80
Seitz	65-00082	08/28/1901	15.93
Pulley	65-00077	04/01/1927	1.44
	65-00076	07/01/1904	7.36
Woods	65-00078	12/27/1884	3.18

Although I can be of little help with the data solicited by the forms (I only need one form for each ditch), I would be happy to discuss the objectives of the form after you and/or the Board have reviewed them a bit.

Sincerely,

Donald V. Shaff
Manager, Adjudication Section

RE: Water District 57-R

Dear Reynolds Creek Basin Water User:

The director of the Department of Water Resources has set a budget and selected a watermaster for Water District 57-R for the 1986 irrigation season. You should have received the director's order dated April 9th that established Water District 57-R to replace water districts 57-A and 57-J.

Kenneth Downing of Homedale has been selected to serve as watermaster with a budget of \$5,525 to operate for about 65 days. The budget compensates Mr. Downing at \$40 per day plus 20.5 cents per mile. Included in the budget is pay and mileage expenses to hire Connie Brandau as an assistant watermaster if such a position would be advantageous to the water district.

The budget has been sent to the Owyhee County auditor's office for collection through the county offices. If you have questions about the budget or the water district in general, please feel free to call me.

Before the director can instruct the watermaster to begin delivering water, he must receive a letter signed by at least three water users who believe the watermaster's services are required. As that time quickly approaches, I solicit your cooperation and patience in this first year of Water District 57-R.

Regards,

DON SHAFF

Water Rights Supervisor

Dept. of Water Resources
State of Idaho
Boise, Idaho 83705

Gentlemen:

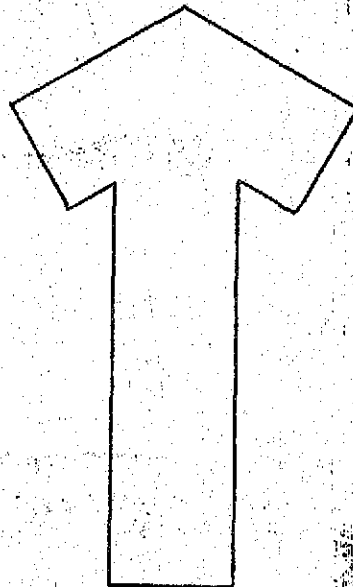

Could you please explain how and where the figure of 4.5 Acre Feet Annually was obtained?

We protest that this is insufficient AFA to irrigate the gravely ground with the sandy overlay that predominates in this Irrigation District.

Sincerely yours,

Harward Platy
President
Letha Irrigation & Water Co.

DEPARTMENT OF WATER RESOURCES

WESTERN REGION, 92 South Cole Road, Boise, Idaho 83705

JOHN V. EVANS
Governor

C. STEPHEN ALLRED
Director

(Office at the corner of
Franklin and Cole Roads)

(208) 384-2190

Enclosed is a copy of a protest(s) filed against the issuance of a permit pursuant to your Application No. _____. The Department suggests you contact the protestant(s) directly in an effort to determine the nature of the protest(s) and to attempt to resolve the protest(s).

If this office has not been advised within twenty (20) days that the protest(s) has been resolved, the matter will be scheduled for conference and/or hearing. At such a conference and/or hearing, the following are the principle items the Department can consider in either approving or denying the application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

If this office can be of further assistance, please contact us.

Yours truly,

DAVID B. SHAW
Western Regional Supervisor

65 0085

November 12, 1969, directing the State Reclamation Engineer of the State of Idaho to commence an investigation and determination of the various rights to the use of surface and ground waters of the Payette River Drainage Basin, from its confluence with the Snake River to its source, such waters lying or being used within Gem, Valley, Boise, Canyon, Payette and Washington Counties,

And you are hereby notified that unless you appear and file a claim with the State Reclamation Engineer, Statehouse - Annex 2, 614 W. State Street, Boise, Idaho, within sixty (60) days of the service of this Summons to the ownership of a water right for the use of any surface or ground waters of the Payette River Drainage Basin from its confluence with the Snake River to its source, such waters lying or being used within Gem, Valley, Boise, Canyon, Payette and Washington Counties, that you will be deemed to have forfeited any water right heretofore acquired for the use of the above waters.

DATED this _____ day of _____, 1970.

using the install equation

$$1.56 \times .066 \times 10 = 1.0$$
