Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief

Dear Water Users:

I am Ron Howerton, a Senior Water Right Agent with the Snake River Basin Adjudication. I have talked personally to some of you already. The Idaho Department of Water Resources will shortly be mailing out recommendations in a Preliminary Report for the above water rights. The mailing is tentatively scheduled to go out February 21, 2001. Public meetings are also tentatively scheduled for March 13th and 14th 2001. I wanted to give everyone a heads up as to how I am proceeding to recognize conveyance loss to these prior decreed rights.

Dave Tuthill, the Snake River Basin Adjudication Bureau Chief and I have discussed possibilities of how to recognize conveyance loss for these rights. In our analysis conveyance loss could not be added directly to the prior decreed rights. We did come up with a possible solution.

We contacted Joe Munson, the legal representative for Boise Cascade Corporation, and proposed that their Industrial right 65-00587 might be used to cover the conveyance loss for the above rights.

In order to cover conveyance loss for the above rights, with their right, a special quantity remark needs to be added. Joe Munson is checking his resources and will advise me if our remark proposal is acceptable to their Industrial right 65-00587.

The following proposed remark is:

65-00587 QUANTITY REMARK:

A PORTION OF THIS WATER RIGHT, IN THE AMOUNT OF 0.76 CFS, IS DESIGNATED TO PROVIDE CONVEYANCE WATER FROM THE POINT OF DIVERSION TO THE FIELD HEADGATE FOR THE FOLLOWING WATER RIGHTS:

65-01131A	.11 CFS
65-01131B	.11 CFS
65-01131C	.44 CFS
65-01148A	.02 CFS
65-01148B	.04 CFS
65-05558	.04 CFS

TOTAL .76 CFS

The conveyance loss amounts are based upon Water Master Mark Limbaugh's calculations determining the percentage of conveyance loss at 29%. A spreadsheet is attached for your reference. Formula below:

CONVEYANCE RATE =
RECOMMENDED RATE / (1.0 - PERCENT LOSS) - RECOMMENDED RATE

Corrected split right total acres and pro-rated CFS needed to be determined first before using Mark Limbaugh's 29% ditch loss estimate.

My analysis of to how many acres to recommend and CFS for these rights was determined by using Payette Basin Adjudication records. Then, for non-and split rights, tax lot information and satellite imagery was used in finalizing the correct split acre totals. Then the CFS was pro-rated based upon total acreage of the split rights.

Attached is a layout of the Smith Ditch irrigation senior 1875 rights that did not have conveyance loss included in the Payette Basin Adjudication.

Also attached is a layout of your proposed water right.

Please feel free to call me at 334-2190 for any concerns you may have here. Otherwise I look forward to seeing you at our public meetings we have tentatively scheduled in March 2000.

Sincerely,

Ron Howerton
Senior Water Right Agent

SUBJECT: SPLIT OWNERSHIP CHANGE A65-01148

1. Mr. Worthington brought in Warranty Deed with legal descriptions.
2. The Warranty Deed attachment described the land sold. I plotted that description on a 8" = 1 mile map. With Worthington's Shaded in yellow and former owner's in pink.
3. For exact information on the lands decreed I called Carter at the State office. He made a copy of the original map drawn from the Payette decree and faxed it to me.
4. I could then determine the location of the decreed 8 acres and use both maps with the warranty deed information and split the claim.
5. I split Mr. Wothington's claim as the "B" portion and he was given the split claim for his portion befor he left.
6. I have split the "A" portion to remain in the original owner's name, Mr. Steinebach. Mailed him copies of the ownership change form and attachments with his split portion.

Dear Robert Steinebach,

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by adding alpha suffixes to represent each split.

Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the change of ownership.

Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office.

If you have any questions concerning this ownership change or the enclosed claim copy, please feel free to contact this office.

Sincerely,

Ron Howerton
