RE: Water Rights in Reporting Area 15, Basin 65
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your water right(s) in Basin 65 for the Payette River drainage basin. We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area. Water rights for nearly all domestic and/or stockwater rights were recommended separately in an earlier report, and most of those now have been decreed by the SRBA Court.

Note that you have 120 days in which to review your water rights or those of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Emmett, Payette, Weiser, Idaho City, and Cascade, and at all the Idaho Department of Water Resources offices (see addresses in enclosures).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed the first part of next year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
