Original to be mailed to Idaho Department of Water Resources
Copies to Former Owner and New Owner

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: Adjudication Bureau.

DEED OF RECONVEYANCE

TITLE AND TRUST COMPANY, an Idaho Corporation, as
in the deed of trust executed by PAUL J. MORRIS and MARVA J. MORRIS,

Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief

PO Box 995
Emmett, ID 83617

Dear Mr. & Mrs. Morris:

We have processed the Change of Ownership form previously submitted based on the copy of your tax notice recently mailed to me. Enclosed is a copy of Notice of Claim to a Water Right No. A65-00955F which reflects your portion of the original water right.

The number of acres transferred from the original right to you was based on the number of irrigated acres originally decreed to this parcel of land and also indicated on your tax notice as being irrigated. The amount of water transferred from the original right is the pro-rated portion based on the original number of acres. It also happens to correspond with the maximum amount that can be given per acre per Idaho Code. Idaho Code allows 1" per acre(.02 cfs) or 5"(.20 cfs) for 5 acres.

If you decide to change or add a point of diversion, or if you change the place of use from that historically used under this right, you will be required to file an application for transfer of your portion of the water right for any of these change to be legally recognized and recorded.

Please feel free to contact me if you have any questions concerning the enclosed claim or this letter.

Sincerely,

JAN SHURTE
Water Rights Supervisor

WESTERN REGION

Dear Wateruser(s):

This office has reviewed the **Notice of Change of Water Right Ownership** form submitted to our office. However, due to the items checked below, we cannot continue to process this ownership change. We are returning the Notice of Change of Ownership to you to **COMPLETE OR RESEARCH ONLY THE FOLLOWING ITEM(S) SHOWING A CHECKMARK IN THE BLANK FOR THAT ITEM(S).**

There is no existing water right in our records either under the former owner's name or for the legal description given. If, after contacting the former owner, you find more information concerning a water right, please contact us.

Legal description of property. Please complete showing the legal description by 1/41/4 (40-acre tract), section, township and range for the property changing ownership. If you only have a subdivision lot & block legal description, please send us a copy of your subdivision plat map.

It appears you receive your water from an irrigation district, ditch company, municipality or community water company. If this is the case, then the water right remains in the name of this entity and you should contact them concerning the ownership change.

Name and address of former owner (seller). This will clarify the original owner of the water right.

Name, address and phone number of new owner (purchaser).

This change in ownership appears to result in a splitting of the water right. A split of the water right occurs when the ownership change affects only a portion of the original right. In order to accurately split this right we must know what portion of the right was sold. The amount of water in CFS, the place of use by 1/4 1/4 with the number of acres in each 1/41/4 (if applicable) and the point of diversion by 1/41/4, Section, Township and Range is needed. If this right is not being split, please submit proof of ownership for the remaining portion. Enclosed is a computer copy of this right for your review.

Proof of ownership is needed. This proof can be a copy of the warranty deed, sales contract or tax assessment in your name which includes a description of this property by 1/41/4, Section, Township and Range. I need documentation of property transfer between Walker's & yourselves, please.

Signature of new owner (purchaser) is needed on this form.

X other: Did you purchase 5 acres
or 6 1/2 acres of this property?

6 1/2 *Rmc*

Please complete the above item(s), if required, on the Notice of Change of Water Right Ownership form and return it with the requested information to the Department of Water Resources, Western Region Office, 2735 Airport Way, Boise, ID 83705. If we do not hear from you within 30 days, the claim upon which this form was filed(if one exists), will remain in the original owner's name.

Feel free to contact this office if you have any questions concerning this letter.

Sincerely,

Adjudication Staff

Dear Wateruser(s):

This office has reviewed the **Notice of Change of Water Right Ownership** form submitted to our office. However, due to the items checked below, we cannot continue to process this ownership change. We are returning the Notice of Change of Ownership to you to **COMPLETE OR RESEARCH ONLY THE FOLLOWING ITEM(S) SHOWING A CHECKMARK IN THE BLANK FOR THAT ITEM(S).**

There is no existing water right in our records either under the former owner's name or for the legal description given. If, after contacting the former owner, you find more information concerning a water right, please contact us.

Legal description of property. Please complete showing the legal description by 1/41/4 (40-acre tract), section, township and range for the property changing ownership. If you only have a subdivision lot & block legal description, please send us a copy of your subdivision plat map.

It appears you receive your water from an irrigation district, ditch company, municipality or community water company. If this is the case, then the water right remains in the name of this entity and you should contact them concerning the ownership change.

Name and address of former owner (seller). This will clarify the original owner of the water right.

Name, address and phone number of new owner (purchaser).

This change in ownership appears to result in a splitting of the water right. A split of the water right occurs when the ownership change affects only a portion of the original right. In order to accurately split this right we must know what portion of the right was sold. The amount of water in CFS, the place of use by 1/4 1/4 with the number of acres in each 1/41/4 (if applicable) and the point of diversion by 1/41/4, Section, Township and Range is needed. If this right is not being split, please submit proof of ownership for the remaining portion. Enclosed is a computer copy of this right for your review.

Proof of ownership is needed. This proof can be a copy of the warranty deed, sales contract or tax assessment in your name which includes a description of this property by 1/41/4, Section, Township and Range. I need documentation of property transfer between Walker's & yourselves, please.
