1. Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):

On the preliminary recommendation form the period of use dates were listed at 4-15 to 10-15.

2. Describe the changes you wish to make in the proposed recommendation:

We feel this period of use date should be 4-15 to 11-30.

3. Give a brief explanation as to why you disagree with these portions:

Over the years on many occasions we have used Irrigation water during this period of 4-15 through 11-50

 I AGREE with this proposed recommendation; no changes need to be made.

Mr. or Mrs. Gestrin:

In April, I sent you a map of Center's irrigation boundary, and asked you to make changes to show an accurate representation of the actual boundary.

In a letter dated June 14, 1999, you indicated that you did not feel any changes needed to be made to the map. I contacted Donna on June 21, 1999, and told her that I would need a more accurate description. Since I have not heard back I have made the modifications on my own. I used the west boundary of the reservoir and the east boundary was the canal in most areas.

You will receive a copy of the new map and of my recommendations before September 1999. At that time you will need to look over the information carefully as it will be sent to the court and decreed this year.

If you have questions, please give me a call. I am including another change of address form should you need it.

Sincerely,

Susan Bock
Sr. Water Resource Agent

ATTN.: Sue Bach;

We studied the materials you sent us and do not feel any changes should be made. We realize some of the land is under water, but our existing water right only includes land above reservoir. We don't feel any changes should be made.

Since we made no changes on the map, we took the liberty of keeping it for our records. If this is not O.K. please let us know.

Sincerely,

Howard Gestrin, Chairman

Spoke to Donna they are having a
meeting 6/28. Told them I need
a better boundary.

Donna Gestrin:

In going through our records, we found some old irrigation district boundaries. I am including a map of the Center Irrigation District boundary and a copy of the claims filed on by Center Irrigation. Please look over the map and make any changes you feel are needed to accurately reflect the irrigation boundary. (I am not sure why the boundary falls over the reservoir).

Also, I have included a change of address form. To change the address in our files, I will need to have this form completed and signed.

After you have had a chance to look over this information, please mail the map and change of address form back to me, or we can set up an appointment.

Thank you, and please call me with any questions.

Sincerely,

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

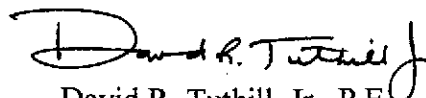

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief
