Follow up to memo in files dated 1/11/01

The B.O.R. objected to all of these rights because of the 19 acres in T08N R02W S07 NWNE being on federal public land. After meeting with the claimants, I have removed the 19 acre track from all claims and reduced the permissible place of use to 840 acres. When all rights are combined, they are limited to 929, see earlier memo.

Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief

Rights 65-07136 and 65-07603 were licensed on January 5, 2001. All of the above mentioned rights were combined into a permissible place of use (ppu) agreed upon by the claimant and allocations staff. The ppu is a total of 859 acres. The ppu was included in both licenses with the condition limiting the rights to 22.61 cfs and 3006.5 afa at field headgate, when all rights were combined.

Right 65-02601 was included in the ppu; however, only the acres in Sec 10 are within the ppu. Acres occurring in Sec 11 & 12 can not be irrigated with the combined water. Total acres for Sec 11 & 12 are 89. Therefore I have included language in all of the above mentioned rights limiting them to a total of 948 acres when combined and .02 cfs and 3.5 afa per acre at field headgate.

See maps and memos in 65-07136.
