Dear Mr. and Mrs. Hyde:

I have reviewed the Change in Ownership form that you submitted in regard to Notice of Claim No. A65-02508. In reading your Warranty Deed and platting your land on the enclosed map, I found that there is no water right in Michael McDonough's name on this property. Therefore, I am returning this change in ownership form and Warranty Deed to you.

Mr. McDonough's Claim A65-02508 covers 8 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, and 2 acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 14, Twp. 7N, Rge. 1E. I have platting this information on the enclosed map so that you can see what is covered under this claim.

If Mr. McDonough has agreed to transfer some of his water right to you, you need to come into our office and file a transfer to move the water to your land. We will also need to know what land will be left without water after the transfer has been completed. Another option would be for you to file an Application for Permit to appropriate water that has not been filed on previously.

I am sorry that it has taken so long for me to review your change in ownership. We have been busy preparing our first report in the Adjudication and are just now catching up on other processing. I hope this has not caused you any inconvenience. If you have any further questions, or need any help in this matter, please feel free to contact me.

Sincerely,

KAY WALKER
Sr. Water Resource Agent

Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

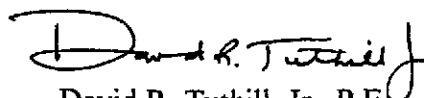

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief
