PLEASE NOTE!

During one of the database conversions in the past, a truncation of the land lists occurred on some of the WR database records. This problem was identified when the SRBA claims in the Payette basin were generated. A few of the claims may have been constructed using these incorrect land lists. This may be one of those claims:

A65-02308 ✓
A65-02454 ✓
A65-02573 ✓

A65-09539 ✓

Please check the land list on this claim against the Payette decree "Blue Book". An amended claim may be required if the claimant wishes to claim additional acres.

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

RE: A65-02573, A65-02700, A65-02319, A65-03214 & A65-03834

Dear Claimants:

Enclosed are various documents relating to the above referenced water right claims filed in the Snake River Basin Adjudication (SRBA) by Fleming/Nisula. It appears from some documentation I found in file A65-02542 the ownership of these claims should have been changed into your names in 1994 when the ownership change for A65-02542 was completed.

Enclosed are computer generated copies of claim forms dated 10/04/1999 that show you as owners. The ownership changes are based on the information you filed in 1994 and current tax lot information. Please review these documents to confirm you are still the owners of the land appurtenant to each claim.

We have completed our initial review of the above referenced claims. Enclosed are five sets of documents including a layout map that reflects our recommendation for each claim. They were mailed to Fleming/Nisula on 9/29/1999 but returned by the postal department on 10/01/1999. Please review each recommendation and complete and return the Notices of Error forms so that we know if you agree or disagree with the accuracy of our recommendations.

If you have any questions or additional discussion, please call me at the number below.

Cordially,

A handwritten signature in cursive script that reads 'Mel Schulte'.

During one of the database conversions in the past, a truncation of the land lists occurred on some of the WR database records. This problem was identified when the SRBA claims in the Payette basin were generated. A few of the claims may have been constructed using these incorrect land lists. This may be one of those claims:
