DISTRICT COURT-SRBA
TWIN FALLS CO., IDAHO
FILED

In Re SRBA
Case No. 39576

)
)
)
)

Subcase: See Exhibit A
**PARTIAL DECREE OF DISALLOWED
WATER RIGHT CLAIMS**

April 13, 2000, the Director of the Idaho Department of Water Resources filed a *Director's Report for Irrigation & Other Uses, Reporting Area 15, DIWR Basin 65* recommending that the water right claims listed on the attached Exhibit A be **disallowed**. No objections were filed to these recommendations, and the time period for filing objects has expired.

As this Court has previously determined, all claims reported to the Court by the Director of IDWR shall appear in a decree. This is required so that there is no confusion over action taken by the Court on all claims reported to it.

THEREFORE IT IS ORDERED AND ADJUDGED that the water right claims listed on Exhibit A are hereby **disallowed with prejudice** and shall not be confirmed in any partial decree or in any final decree entered in the SRBA, Case No. 39576, in whatever form that final decree may take or be styled.

RULE 54(b) CERTIFICATE

With respect to the issues determined by the above judgment or order, it is hereby CERTIFIED, in accordance with Rule 54(b), I.R.C.P., that the court has determined that there is no just reason for delay of the entry of a final judgment and that the court has and does hereby direct that the above judgment or order shall be a final judgment upon which execution may issue and an appeal may be taken as provided by the Idaho Appellate Rules.

To Whom It May,

I own two parcels in Louman with a pipeline ^{crosses} that goes to the power plant that are tied to these water rights.

65-13661 - My family and I have been using this water for irrigation and domestic use since 1978, to the best of my knowledge no power has been generated with this system for several years and only sporadically before.

There are no power lines above or below ground coming from said power plant. I don't believe the power plant has had any actual use since 1975.

WESTERN REGION

after 1989 Fire lots of property changed hands.

Les Farber sold to Bowman who sold to us - almost a 5 acre parcel.
Les also sold about an acre of his place to John ^{Elliott} that had a
water power generator. Les kept the water right though. He capped the
pipeline to the generator.

Les is dead now. We never met him. Jeff Bowman said Les
was very careful about water rights + property boundaries.
He separated his house + irrigation rights each time he sold off
a piece of his land.

2

property is in her name
but everyone says it's
Robert Blair's place.

To the west of us Evelyn ~~Raymond~~ + Martel Castle own small lots. Evelyn inherited hers from the Dilleys who were somehow related. Jan + Tim Felty (^{who} now own land next to the "little Red School house") were living on the old Dilley place when the fire came through. They are related to the Dilleys in some way. Mike Baird purchased land in that area right after the fire + opened the "Burnt Pines RV Park". He died in an auto accident a couple years later + his sister Robin Brooks bought the place. She + her father, Stan Baird, built the Baird-Den bed + breakfast. (Patty + Stan Baird live in Archie Creek - turn off between MP 78 + 79. They've been here forever + Patty knows everyone in the community.)

A local fellow, Dave Link, is related to Tom Link who has a water right recorded on the same creek we get our irrigation water from. Harlan said he talked with Bruce Lund recently and Bruce says he bought the water rights from Tom. (Tom's rights are dated 1942.) You'll find Bruce very easy to talk to.

John Elliot: There is a survey of the Thompson Sub-division that has John's name on it. It is in the EMT "atlas". I think you can get copies of all these EMT maps from the County assessor's office in Idaho City. Tina is the one I've talked with. She is very helpful. A couple years ago when the County started 911 service. — every residence was assigned a real address and a lot of driveways became lanes, drives, and roads. We received a lot of street signs + numbers for our house. Tina's office is to the right as you face the assessor's office. It's a nice quiet place in an old historic building (a nice change from government buildings in Boise!) If you show Tina a map, she'll pull up all the property boundaries +

across the hall you can talk to another person (I forgot her name) who will tell you who really owns the land (not necc. the same as who pays taxes on it) and you can get the legal description of each parcel.

I've pulled about 10 ^{Forest Service} photos for you from 1969 - 1996. You will be able to see the old irrigated areas + all the new homes in the area.

If you'd like - I can take leave when you show up + give you a brief tour of the area. There are some really nice folks you could work with + there are some pretty rough folks too who do not like government in any form. There are also some folks who are plenty nice but they've never checked their property boundaries or water "rights" - word-of-mouth deals are pretty common here.

A lot of wells have been put in in the past 5 years. Guardia in the surface water and banks not willing to re-finance homes using surface water systems. I don't think you're involved in wells are you?

OK - enough - all this will make more sense when you see it on the ground. Enclosed are some sample maps.
