Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.

NOTES: A letter was mailed to the claimant 5/6/99 with a map requesting assistance in describing the upshot thought. The letter was returned 5/10/99 due to a faulty address. It was remailed in July 1999 and a response received 8/13/99 indicating the "stream is not used for Irr. Possibly for domestic use". Therefore the irrigation component will not be recommended, only the domestic use. The land previously irrigated was subdivided into Westwolds Sub #1 and evidently the irrigation component is no longer deliverable.

Re: A65-02593

Dear Mr. Platt:

I'm reviewing the above referenced claim you filed in the Snake River Basin Adjudication and I need your assistance. Enclose is a copy of a computer print out that describes the claim and a copy of an aerial map that shows the location of the property appurtenant to the claim.

Is the land described in water right 65-02593 still irrigated by the same sources, Unnamed Stream? The Valley County tax records show that the property in the SWNW, Section 18 is now platted as Westwoods Subdivision No. 1.

If the 15 acres or any part of it is still irrigated from the Unnamed Stream, please draw on the enclosed map where the land is located. Also, show where the stream bisects the land and where the points of diversion are located. If none of the land is irrigated any more I also need that information in the file.

Thank you for the assistance in this matter. Please return the map and information to me at the address above. If you would like to discuss this matter in more detail please call me at the number below.

Cordially,
