INSTRUCTIONS

400 8 0 1111
This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsite or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form, and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mail, Boise, ID 83720-9000, Attention: **Adjudication Bureau.**

DIRK KEMPTHORNE
Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief

TO: Any PRBA Claim with a Stipulation
FROM: RON HOWERTON

RE: RECOMMENDATIONS/STIPULATION

I. CONVERSATION WITH DON SHAFF:

1. Met with Don 4/5/95 at S.O. on how to proceed with "R" file recommendations.
2. Don re-confirmed that the stipulation amends the "A" claim, thus for the split ownership of this right both the "A" and "R" files can be completed.
3. He said that because of the stipulation no field exam is needed, nor do I need to print a CVR. In place of the CVR I'm to print out a profile report with comments pertaining to the stipulation.
4. I asked him if the copy of the stipulation he gave me had enough signatures on it to make the recommendation? He said yes.

II. CONVERSATION WITH JEFF PEPPERSACK

1. Met with Jeff 4/5/95 at S.O. asked if he had any paperwork pertaining to how much water was recommended for this right. He said that he thought Dan Steckel had all of it.

III. CONVERSATION WITH DAN STECKEL

1. Called Dan at S.O. 4/6/95 asked if he had the paperwork that showed how much water was to be recommended for this right. He said Don had it in his Boyd Jackson's file.

IV. CONVERSATION WITH DON SHAFF

1. Called Don at S.O. 4/6/95 asked him if he had the paperwork for the amount of water recommended? He said yes he did. He said that eventually that file would come over to Western. I asked if I needed to put the paperwork showing how much water was to be recommended in that file? He said yes, but it may be several months before he would send that file to us. So I asked was it necessary for me to have it to make the "R" file recommendation? He said no, proceed with the recommendations.

SPRING MEETING WITH DAVE SHAW & HIS ATTORNEYS:
Ref: OWNERSHIP CHANGES

1. Dan Steckel said that after an ownership change has been made, he needs a copy of the Ownership Change when completed. He doesn't need a copy of the claim.
2. During our conversation with Dave Shaw and Don Shaff, the Attorney's were in agreement that the stipulation's we have copies of now can be used to amend the "A" claim the same way as a Transfer would.
3. A recently licensed permit can also be used to amend the claim with an ownership change with an added requirement. A letter must accompany the ownership changed claim, stating that the claimed permit was licensed since this claim was filed, the claim has been revised to correspond to the licensing. If they have any difficulty with this clarification, they need to contact our office within 30 days of the letter. The "A" claim is given a "T" status for the 30 day period.

Dear Naomi and Mark,

We have received and processed the Change of Ownership form submitted on the Original Notice of Claim to a Water Right Number as referenced above. This change of ownership required a split of this original claim resulting in the renumbering of the original claim by adding alpha suffixes to represent each split. The new Notice of Claim to a Water Right Number for your portion is referenced above. The right holders of the remaining portion have also been notified of this split and renumbering of their original claim.

Enclosed is a copy of this new claim which now reflects your portion of the original water right. Please keep this copy for your files and refer to the new claim number when corresponding with our office. If you have any questions concerning this letter or the enclosed claim, please feel free to contact this office.

Sincerely,

Ron Howerton

SUBJECT: DRAFT MAP

1. Faxed draft map to Naomi to see if I had the fields correctly identified per ASCS map.
2. She said I had her uncle's property & Peterson's just the opposite and needed to be switched.
3. I checked the warranty deed for Peterson's property and confirmed her observation.
4. The split for the 2 fields above then is based upon the written statement by her uncle, Boyd Jackson. His statement shows he had 7 acres remaining from a 10 acres total and Peterson was to get the remaining 3 acres.

Since the actual amount is less than 10 acres then converting the 10 acres to a ratio of actual irrigation of 7.4 acres is needed. This is found by dividing the actual 7.4 acre amount by the 10 acre amount assumed by Jackson. Thus the factor will be .74. The following amounts below will apply:

Recommended Acres:

Jackson Split..."A": $(7)(.74) = 5.18$ irrigated acres
Peterson Split..."B": $(3)(.74) = 2.22$ irrigated acres

5. I ended the conversation stating that the information now is clear and I could send all parties their copy of their portion from the original right.

SUBJECT: A65-05817, BOYD JACKSON'S CLAIM/SPLIT NEW OWNERSHIPS

1. Sent mail message to Don about why an existing "R" file was already made and how I should proceed with spitting this claim.
2. Don called back and said that a stipulation has been made for this prior Payette Adjudication right. It was never decreed because it was originally protested.
3. Don said that the stipulation amends the Snake River Basin Adjudication Claim A65-05817 just the same as a Transfer would.
4. Don wanted me to send copies of all the ownership changes and any correspondence to him. He then would give these to Dan Steckel and request Dan to send me a copy of the stipulation.
5. When I receive the stipulation I could then use it to for the basis for splitting the "R" claim into the amended "A" claims by the stipulation.
6. Don also will fax me the map used for the basis of the "R" file for this claim.

SUBJECT: A65-05817: SPLIT OWNERSHIP

1. She needs to send additional information in order to split the claim.
2. I suggested that she submit copies of property tax records in order to see how many acres were above and below the center line of an existing slough as described in the warranty deed.
3. This split is from her uncle's property. She will see if she can get both tax notices.
4. She also said that her uncle was going to sell a portion of his remainder from this ownership change. So another ownership change is coming and I could split all three at once.

SUBJECT: A65-05817: SPLIT OWNERSHIP

1. She has her tax notice but it doesn't identify how many acres are in her tract of land.
2. I asked if she could have the previous owner (her uncle) sign a statement to show how many irrigated acres were south of the center line of the slough that she received. Then to note what he retained for the future split.
3. I also asked if all the new ownership changes (Splits A, B & C) would be using the same point of diversion? She said yes.
