Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

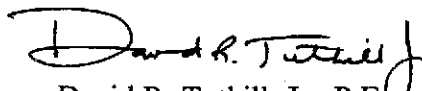

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.

RE: Amended Split Claim for Right No. 65-02858 (Payette River)

Dear Claimants:

Enclosed is the necessary form to amend the split ownership that we recently discussed. The eight acres are irrigated under senior right 65-02858 in this latest revision. The amended claims will show 24 acres in NENE Section 11 for Steve and Tom (A65-02858A) and 8 acres for Jeff and Teresa (A65-02858B).

Basically, all eight acres are covered by the senior right. Upon completion of these amended claims, the split of junior right 65-10963 (same pump and many of the same acres) will be rescinded since it will be unnecessary. At that point, split claims A65-10963A and A65-10963B will be recombined into A65-10963 as it was shown prior to the split in 1992.

It is assumed that acres common to 65-02858 and 65-10963 will be recommended under the senior right, 65-02858, in the current adjudication. Duplicate acres under the junior right will probably not be recommended, but the junior right will cover any excess acres not protected by the senior right. The claim files will be sufficiently documented to show your intent in this amended claim process.

If the enclosed amended claim looks accurate to you, return the signed form to me (notarized signature needed). No fee is involved. If you need other information, please do not hesitate to contact me.

Sincerely,

Steve Lester
Water Rights Supervisor
