Dear Mr. Shaw:

We have received and processed a change of ownership for a portion of your claim (referenced above as "Original Claim").

When a portion of a claim has been conveyed to another party, splitting the original claim, then the original claim is renumbered by adding alpha suffixes to represent each split. Each split contains only the portion of the original right for each separate owner. The above-referenced "New claim number" reflects your remaining portion of the original claim after the change of ownership.

Enclosed is a copy of the change of ownership form which initiated this action, and a copy of the new claim for your records.

If you have any questions concerning the ownership change or the split of the original claim, please do not hesitate to contact this office.

Sincerely,

Maria Minicucci

New Claim Number A65-02883D

Dear Mr. Shaw:

We have received and processed a change of ownership for a portion of the claim referenced above as "Original Claim".

When a portion of a claim has been conveyed to another party, splitting the original claim, then the original claim is renumbered by adding alpha suffixes to represent each split. Each split contains only the portion of the original right for each separate owner. The above-referenced "New claim number" reflects your portion of the original claim after the change of ownership.

Enclosed is a copy of the change of ownership form which initiated this action, and a copy of the new claim for your records.

If you have any questions concerning the ownership change or the split of the original claim, please do not hesitate to contact this office.

Sincerely,

Maria Minicucci

RE: Water Rights in Reporting Area 15, Basin 65
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your water right(s) in part 1 of basin 65 (the North Fork of the Payette River drainage area). We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area. Water rights for nearly all domestic and/or stockwater rights were recommended separately in an earlier report, and most of those now have been decreed by the SRBA Court.

Note you have 120 days in which to review the water rights of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Cascade, Idaho City, Emmett, Payette, and Weiser, and at all of the Idaho Department of Water Resources offices (see addresses in enclosure).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed early next year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director
