WATER RESOURCES
WESTERN REGION

Ms. Sue Bock
Idaho Department of Water Resources
2735 Airport Way
Boise, ID 83705

Dear Sue:

The following letter is to provide you the data you need from Mr. Phil Davis and the Davis Cattle Company regarding modification of certain water right claims in the Snake River Basin Adjudication. I'll list these claims below and the changes that need to be made and if you have any questions, please give me a call.

A65-02931 - The existing point of diversion should be the SWNE, Sec. 5, T14N, R4E instead of NWNW, Sec. 18, T15N, R3E. The point of diversion was moved in 1977.

A65-03579 - The claimed point of diversion needs to be moved to the SENW, Sec. 17, T14N, R4E due to inundation by the Jemima K. Reservoir. This inundation took place on or about June 1977.

Additionally, you requested a copy of the application for transfer of water rights #65-03580, 65-04031A, 65-04031B and 65-04031X. This transfer was filed with the Department on June 30, 1994 but apparently there are difficulties in locating the transfer application. If we can accomplish the same changes as proposed in the transfer with the development of permissible places of use for the existing water rights it shouldn't make any difference to application of water in this area. However, if we cannot we may need to continue pursue the location of the transfer.

Sincerely yours,

Sherl L. Chapman
President

DIRK KEMPTHORNE
Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief
