Subject: Dan Douthit CLaim No. 65-22321

Becky,

During water right review of 65-22321 for Dan Douthit it was discovered that a split change of ownership was completed incorrectly.

The original water right was 65-2965. This right was split into 65-2965A for 15.6 acre feet storage for irrigation and irrigation from storage for 46 acres and 65-2965B for 44.4 acre feet storage for irrigation and irrigation from storage for 130 acres.

During the recommendation period an ownership change was submitted for 65-2965A for 3 acres to the Vandegrift's totaling 1 acre foot storage for irrigation and irrigation from storage and assigned Claim No. 65-22320. The remaining portion for the Douthit's, which was assigned Claim No. 65-22321, should have been 14.6 acre feet storage for irrigation and irrigation from storage for 43 acres.

However, an error was made in the acre foot amount split to the Douthit's for Claim No. 65-22321. Only 1 acre foot was split rather than the 14.6 acre feet remaining for the 43 acres.

Therefore, this is a request to rescind the partial decree for Dan and Dorothy Douthit under 65-22321 and correct the acre foot amount to 14.6 acre feet for the 43 acres. This right, along with Right No. 65-22320 for 1 acre foot and 3 acres and Right No. 65-2965B for 44.4 acre feet and 130 acres would total the original right of 65-2965 for 60 acre feet and 176 acres.

Please let me know if any further information is needed.

Thank you,

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

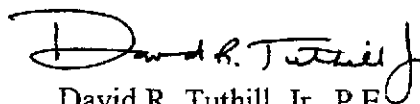

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.

Dear Mary,

We have received and processed the Change of Ownership form submitted on the Original Notice of Claim to a Water Right Number as referenced above. This change of ownership required a split of this original claim resulting in the renumbering of the original claim by adding alpha suffixes to represent each split. The new Notice of Claim to a Water Right Number for your portion is referenced above. The right holders of the remaining portion have also been notified of this split and renumbering of their original claim.
