RE: Claims to Water Rights

Bryce V. &/or Linda A. Rogers
29450 Third Fork Rd.
Ola, ID 83657-5021

Dear Mr. and Mrs. Rogers:

I have once again searched our records for a domestic use claim filed by Kenneth Hoagland. I cannot locate any claim filed by him for a domestic use. There was no filing made in the Payette River Adjudication for domestic use by the Hoaglands either. Could the water rights from the springs that you mentioned be filed in another name?

In reviewing your change of ownership for the claims filed by Kenneth Hoagland, we found that your Warranty Deed does not cover some of the land that is identified in one of the claims. Claim No. A65-11166 identifies land irrigated in the SESW, Section 10, Twp. 11N, Rge. 1E. The warranty deed only shows land in the SWSW, Sec. 10, Twp. 11N, Rge. 1E. I am enclosing a map of this area for your review. The lands that are identified on your warranty deed are highlighted in green. The land that is identified in Claim A65-11166 that is not included in your warranty deed is highlighted in blue. If you are the owner of this property, you need to go into First American Title Company of Idaho and have them correct your warranty deed to show this is indeed your property. If this is the case and you receive a corrected warranty deed, a copy of the corrected deed would resolve the discrepancy found with the claim. If we find that this land is not yours, then we will split the claim so that the 7 acres identified in the SESW of Sec. 10 will be left in the name of Clyde Hoagland. Final ownership change of Claim A65-11166 will be held pending a solution of the above.

I have enclosed copies of Claims A65-03087, A65-03088A, A65-03088B and A65-03088X which reflect the change in ownership of the lands and appurtenant water rights covered by these claims. The Department will contact you in the future concerning any requirements that may be needed in order to process these claims for final court decree.

MICROFILMED

SEP 22 1992

If you wish to pinpoint your domestic spring and your home on the enclosed map and return it to me, I could further research our records for any additional water rights.

If you have any questions concerning the above please feel free to contact me.

Sincerely,

KAY WALKER
Water Resource Agent

RE: Water Rights in Reporting Area 15, Basin 65
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your water right(s) in Basin 65 for the Payette River drainage basin. We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area. Water rights for nearly all domestic and/or stockwater rights were recommended separately in an earlier report, and most of those now have been decreed by the SRBA Court.

Note that you have 120 days in which to review your water rights or those of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Emmett, Payette, Weiser, Idaho City, and Cascade, and at all the Idaho Department of Water Resources offices (see addresses in enclosures).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed the first part of next year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.
Adjudication Bureau Chief
