Governor

KARL J. DREHER
Director

Dear Basin 65 water user:

This letter is to inform you that you may be eligible to file a stockwater claim with the Idaho Department of Water Resources (IDWR) in connection with the Snake River Basin Adjudication (SRBA). IDWR is sending this letter to water users in Basin 65 who might have relied upon the non-irrigation season stockwater provision in the Payette Adjudication. This provision states:

"When stockwater is not a specifically mentioned use for a right that includes irrigation, a reasonable flow is implied and included for the watering of livestock during the non-irrigation season."

In another basin, the Idaho Supreme Court struck down general provisions that contained similar language. The non-irrigation season stockwater language quoted above was not included in the General Provisions for Basin 65 because of the Idaho Supreme Court's ruling.

IDWR recognizes that in reliance on the non-irrigation season stockwater language in the Payette Adjudication, water users might not have filed stockwater claims in the SRBA to cover the non-irrigation season period. Individuals who historically watered livestock during the non-irrigation season without a separate stockwater claim might desire to file a new stockwater claim with IDWR.

To be eligible for a new non-irrigation season stockwater claim:

1. You must have actually and historically watered livestock during the non-irrigation season without a separate stockwater right.
2. You must have filed a surface water irrigation claim in both the Payette Adjudication and the SRBA.
3. You must not have filed a stockwater claim with the surface water irrigation claim.

If you meet these three requirements, you may file a Notice of Claim form for stockwater with IDWR. **To have a timely filing you must file this claim with IDWR by May 25, 2001.** IDWR will waive filing fees for these stockwater claims if filed before this deadline. Failure to file your claim in a timely manner may prevent you from claiming it in the future. Notice of Claim forms are available on IDWR's website at www.idwr.state.id.us/info/water/srba/forms.htm or from any IDWR office. Claimants can call IDWR, Western Region at (208) 334-2190 to make an appointment if they need assistance filling out a Notice of Claim form.

Sincerely,

David R. Tuthill, Jr., P.E.

RE: Water Rights

Patricia J. Malloy
2211 3rd
Nampa, ID 83651

Dear Ms. Malloy:

Following our telephone conversation last week and additional review of our ortho-photo quad of the area of Nesbitts' Emerald Glen Subdivision, I don't believe you have any of the land that Mr. Nesbitt had irrigated under his water rights. We are, therefore, returning the Notice of Change of Water Right Ownership form and attachments to you.

If you find that your property was historically irrigated under Mr. Nesbitt's water rights and can obtain some documentation to that effect, you can resubmit the ownership change to our office. As we discussed over the phone, you can always apply for an application for permit to appropriate water when you are ready to develop your lot.

If you have any questions concerning this matter, please do not hesitate to contact me.

Sincerely,

KAY WALKER

Re: Ownership Change

.....

.....

I contacted Pat Malloy in regard to the ownership change she submitted for a portion of Homer Nesbitt's water rights. We cannot tell if her land was previously irrigated under Mr. Nesbitt's rights by looking at the orthophoto quad of this area. Ms. Malloy stated her lot is nothing more than lava rock and sage brush. A delivery ditch does run through the top of her property and she would like to be able to use it to get enough water to water some trees she proposes to plant. I explained that we cannot change ownership of water rights to lands that have not been previously irrigated because that would take water away from lands that have been irrigated. I also explained to Ms. Malloy that she could file an application for permit to develop a new water right when she begins to prepare her lot for her home out there. She does plan to drill a well for domestic use in her intended home and I explained that she could file for enough water to water her lawn from the well when she has it drilled.

After talking with Ms. Malloy and in looking at the orthophoto quad, I do not think this lot has been irrigated under Mr. Nesbitt's rights. I think we should reject the ownership change and advise her to file an application for permit when she is ready to develop her lot.

change form doesn't apply
to this. It's been split
to A-B-C, none of which
are in name of Howard
Nesbitt or Dixie Hayes.
