INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Section 42-1409(7), Idaho Code. This statute provides that new property owners notify the Department of Water Resources (IDWR) of any change in ownership of a water right during an adjudication of water rights, and if a claim for the water right has not been filed to file the needed claim(s).

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures or if you have questions about completing this form please contact your nearest office of IDWR or you may call 1-800-451-4129 (toll-free).

The first line of the form asks for the date of closing so IDWR will have a record of the effective date of the property transfer.

The second line of information requires the legal description of the property being transferred. This information is **ESSENTIAL** and should be available from the documents that will be present at the time of closing. The first two lines of the legal description **MUST** be completed. IDWR's records are based upon legal descriptions using township, range, section and fractions of a section descriptions, and this information must be included on the form. If you also have available a legal description based upon a townsie or subdivision and lot and block number, please also include this additional information. A lot and block legal description is **NOT** a substitute for the township, range, section and fraction of a section description.

After completing the legal description, if all water is supplied by a public service water supply you may check the first box; complete the name, address and telephone information for yourself, the new owner; sign the form in the space provided and return the form to the IDWR office nearest you.

If there are water rights associated with the property, the seller should be able to provide you with the water right number(s). The water right number(s) for the property are to be put in the space provided at the second box on the form. If you or the seller believe there are water rights for the property but the numbers are unknown, then you may wish to call or come into an office of IDWR for assistance in identifying the water rights for the property involved. If claims for the property have not been filed you will be so advised by IDWR.

After the water right number(s) for the property has been entered on the form, complete the name and address information for **BOTH** the former owner/seller and for yourself, the new owner, in the spaces provided. Please also include your telephone number. If the property you have purchased is only part of the property owned by the former owner/seller, you may be purchasing only part of the total water right held by the seller. This means the water right held by the seller must be split so you get your proportionate share of the water right. Be sure to include a description of the portion of the water right you have purchased. The seller should be able to help you describe the portion of the water right for the property you have purchased.

If the former owner/seller will sign the form and the seller is shown as the claimant of the water right in IDWR's records, then you do not need to attach proof of ownership of the land or the water right. The seller should know if the original claim was filed by him, or if the seller has filed a change in ownership so the seller is shown as the claimant of the water right in IDWR's records. If the seller is not going to sign the form then you must attach some proof of ownership of the property described at the top of the form or proof of ownership referencing the specific water right(s) for the property.

The new owner must sign the form in the space provided. If the former owner/seller is available to sign the form please do so in the space provided.

When complete, the new owner and the former owner/seller should each retain one of the copies and return the original of the form to IDWR. You may return the form to the IDWR office nearest you or to: Idaho Department of Water Resources, Statehouse Mall, Boise, ID 83720-9000, Attention: Adjudication Bureau.

STATE OF IDAHO, IN AND FOR THE COUNTY OF GEM

Department of Water Resources

IN THE MATTER OF THE GENERAL
DETERMINATION OF THE RIGHT TO
THE USE OF SURFACE AND GROUND-
WATERS OF THE PAYETTE RIVER
DRAINAGE BASIN.

Civil No. 3667

ORDER AND PARTIAL DECREE
PURSUANT TO I.R.C.P. 54(b)

Helmer R. Kolitz

The foregoing Stipulation, of Lake Irrigation District, Edward A. Cruzen and the Department of Water Resources, having come duly and regularly before the Court and good cause appearing therefore,

IT IS ORDERED AND DECREED that the water rights, priority dates, uses, periods of use, quantification of rights, diversion points, places of use and basis of claim identified in Exhibit A attached hereto and incorporated herein by reference are adopted by this Court, and the Proposed Finding of Water Rights in the Payette River Drainage Basin (hereinafter "Proposed Finding") shall be amended accordingly. Some of the rights listed in Exhibit A were previously decreed by the court in its judgment of January 21, 1986. They are included here to provide a complete listing of all rights on Lake Fork Creek. Claim No. 65-10095, a reserved right claimed by the Forest Service, is not included because the State of Idaho and the United States are currently planning to become engaged in negotiations concerning federal reserved water right claims.

IT IS FURTHER ORDERED that all protests and objections

filed by Lake Irrigation District and Edward A. Cruzen against the water rights adopted by this Court in the preceeding paragraph are dismissed with prejudice.

IT IS FURTHER ORDERED AND DECREED that the Proposed Finding of Fact No. 10 and Conclusion of Law No. 6 as set out in the foregoing Stipulation and Finding of Fact No. 4 and Conclusion of Law No. 3 as set out in Exhibit B of the foregoing Stipulation are amended by said Stipulation.

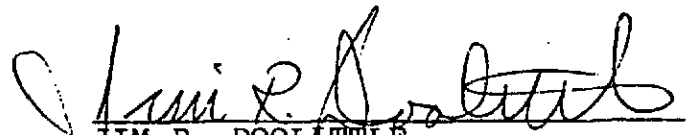

IT IS FURTHER ORDERED AND DECREED that for purposes of operating Water District 65K the gauging station located in the SW1/4SE1/4NW1/4 section 8 township 18N range 4E B.M., above Jumbo Creek and above Tyee Creek shall have 10 per cent added to said gauge readings to account for the added flows of Jumbo and Tyee Creeks and other less distinctive sources between the old site of the gauging station and the present site, unless modified by order of this Court due to changes in the measured flows.

IT IS FURTHER ORDERED AND DECREED that for purposes of operating Water District 65K, reference may be made to the decree of Paul Michelson et al v. M. H. Williams et al (7th Judicial District, Valley County, 1928) for a period of five years following the date of this order, to answer questions arising as to the distribution of water rights listed in Exhibit A. The director of the Department of Water Resources, pursuant to his authority under Chapter 6, Title 42, Idaho Code, will initially

determine any distribution questions. The elements of the Michelson decree that are used in any orders or instructions to the watermaster during this five year term shall be made a permanent part of the water district file for Lake Fork Creek and shall be considered by the director in any future orders or instructions to the watermaster.

IT IS FURTHER ORDERED AND DECREED that jurisdiction is reserved by the Court, upon 10 days notice to the parties hereunto, to make corrections of clerical errors, inadvertences or omissions in the listing of water rights of Exhibit A to the foregoing Stipulation, and the reservation of jurisdiction for this purpose will date one year from the date of this Order.
