July 25, 1995

TO: EDWARD CRUZEN CLAIMS

FROM: KAY WALKER *KW*

RE: UPDATES MADE BETWEEN JULY 20 & 24, 1995

Pursuant to request of Richard Murray, July 12, 1995, I pulled all the claims that were previously decreed in the name of Edward Cruzen to make sure they were in the computer. I noticed that the claims had changes on them that were not updated in the system, such as the claimant's name, so I updated the records to match the original claims submitted on November 14, 1988.

RE: Water Rights in Reporting Area 15, Basin 65
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your water right(s) in part 1 of basin 65 (the North Fork of the Payette River drainage area). We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area. Water rights for nearly all domestic and/or stockwater rights were recommended separately in an earlier report, and most of those now have been decreed by the SRBA Court.

Note you have 120 days in which to review the water rights of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Cascade, Idaho City, Emmett, Payette, and Weiser, and at all of the Idaho Department of Water Resources offices (see addresses in enclosure).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed early next year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

DIRK KEMPTHORNE
GOVERNOR

KARL J. DREHER
DIRECTOR

September 29, 1999

Dear Water Right Claimant(s):

The Idaho Department of Water Resources (IDWR) has completed its initial investigation of your water right claim(s) in the Snake River Basin Adjudication (SRBA). We have enclosed a print-out showing our preliminary recommendation regarding how your water right should be reported to the SRBA District Court.

Please review the preliminary recommendation carefully. If there is any information on the print-out you believe is inaccurate, please fill out the enclosed reply indicating what changes you believe should be made. Further instructions to assist you with the review are enclosed. For water rights with an irrigation water use, a Geographic Information System (GIS) computerized image of the place of use for your water right is also enclosed.

You may return this reply in person to us at a public meeting IDWR will be conducting in your area. **The meeting will be held on Wednesday, October 13, 1999, at 7:00 p.m. in the Senior Citizen Center, 409 School Road, Cascade.** Please come to the public meeting, where you will have an opportunity to find out more about the SRBA process and speak with a department staff member should you have questions regarding your water right. Please bring any and all information you have which will help the Department understand your water rights and describe them accurately.

This process is intended to ensure IDWR recommends your water right accurately to the SRBA District Court. This is the easiest and least costly means for you to identify corrections you believe should be made to our recommendation. Completion of this process is an important step toward the overall success of the adjudication in Idaho. Your participation is necessary so that accurate information is provided to the SRBA District Court.

We look forward to hearing from you.

Sincerely,

Karl J. Dreher
Director

Dear Water Right Claimant:

To help you with your water right claim(s) in the Snake River Basin Adjudication, this letter of explanation is being sent to you along with information sent by the Idaho Department of Water Resources (IDWR). Included are the following important documents which I ask you to please read carefully because they give you the opportunity to save a great deal of time and money:

1. **Preliminary Recommendation.** This is IDWR's *initial* finding and conclusion about your water right and how it should be reported to the SRBA Court. This preliminary recommendation is not filed with the court, but is provided to you to help correct errors or resolve any disagreement you may have over its content. This document has been prepared following IDWR's investigation and may be different than the claim(s) you actually filed.

Therefore, please review this preliminary recommendation carefully to find any errors or disagreements you have with IDWR's findings.

2. **Error Correction/Settlement Process.** This preliminary recommendation is a special service provided to you by IDWR to help you correct errors and resolve any other disagreement you have before the actual recommendations are ultimately filed with the court.

A description of how to work with IDWR is included. Our experience in the SRBA shows that by working in cooperation with IDWR most errors and differences can be addressed before coming into court. It's well worth your time to take full advantage of IDWR's helpful service. If your disagreement cannot be resolved, you will be able to file an objection to IDWR's actual recommendation when it is filed in court and have the final decision made by the Presiding Judge.

This error correction service is an important opportunity for you to work together with IDWR to make sure your water right claim(s) are decreed accurately. There is no cost to you other than your time reviewing the preliminary recommendation and talking to IDWR about any problem you see. Of course, you may always employ the services of an attorney if you wish.

The goal of the SRBA is to see that your water right(s) are decreed by the court as accurately and fairly as possible. It is important to me that this is done efficiently in order to reduce your costs and present you with your decree.

I strongly encourage you to take full advantage of this opportunity to use the fine and courteous service provided by IDWR.

Sincerely yours,

Barry Wood
Administrative District Judge and
Presiding Judge of the
Snake River Basin Adjudication

RE: Notice of Claims to Water Rights

Richard Murray
McCutchen, Doyle, Brown & Enersen

Dear Mr. Murray:

I received your letter dated July 12, 1995, and the copies of letters and claims you wished me to investigate on July 18th. I have just completed my review of these claims and the map of the farm, which was prepared by James A. Knecht, that you had submitted along with the claims in November of 1988.

I used the map of the farm to obtain the legal description of the entire place and searched our existing water right records and also our SRBA (Snake River Basin Adjudication) records to make sure all rights were claimed in the SRBA. I found only one water right which has not been claimed in the SRBA which you had also addressed in your letter. Enclosed you will find a claim for Rt. 65-11401 which you should complete and return to this office. You may change the claimant's name, insert a description of diverting works, and a consumptive use volume as you did previously with the other Cruzen Ranch claims, then have the partners sign the claim in the presence of a notary public. Please be advised that you were correct in using 2.0 acre feet per acre for the consumptive use volume for the area of these claims.

During my research of the files, I found two claims have had an ownership change on them. Claims A65-02098 and A65-09425 are now in the name of Michael and Naomi Simmons. These claims were for irrigation and domestic use within the NE $\frac{1}{4}$, Sec. 30, Twp. 17N, Rge. 3E. We have, in our files, a copy of a warranty deed from Mr. Cruzen to the Simmons dated March 1, 1982, which allowed us to update the ownership of these rights. You should also be aware that these lands were not shown as part of the ranch on the map submitted in November of 1988.

I found that we have some confusion regarding Claims A65-02932 and A65-02952. We have the claims submitted by Cruzen Ranch in our files, which also identify Warren H. and Jayne J. Brown as claimants. We have a copy of an assignment of permit form wherein Warren and Jayne Brown assigned the rights to Diane B. DeBoer. We then have signed and notarized claim forms in our files, submitted by Ms. DeBoer. Claim No. A65-02932 is in the names of Edward A.

Cruzen or Diane B. DeBoer and Claim A65-02952 is in the names of Estate of Edward A. Cruzen or Diane B. DeBoer. Enclosed for your information are copies of the claims as they are now recorded. What is Ms. DeBoer's relationship to the Cruzen Ranch? Does she own some of the lands covered under these claims or is the storage facility (Brown's Pond) on lands owned by Ms. DeBoer? Please let us know if there is a problem in regard to the ownership of these claims.

I am returning to you the copies of all the claims you sent to me with your letter of July 12th. I am also enclosing profile reports of each of the claims that I found to be entered under the name of Cruzen Ranch in the SRBA. If I can be of further assistance to you in regard to the claims filed in the SRBA, please do not hesitate to contact me.

Sincerely,

KAY WALKER

Water Rights Claims
Snake River Basin Adjudication**

Dear Ms. Walker:

As I mentioned to you yesterday over the phone, my wife Deborah Cruzen Murray is a partner (along with her sister, Carrick Cruzen McLaughlin) in the Cruzen Ranch, near Donnelly, Idaho. Having been advised of the pending Snake River Basin adjudication, the partners in the Cruzen Ranch wish to make sure that the water rights of the Ranch are in order, and are properly listed in the abstract of claims compiled for the adjudication.

Many years ago my wife's father, Edward Cruzen (now deceased) filed the appropriate claims which presumably were adjudicated in the 1970's in the Payette Watershed Adjudication.

On September 1, 1988, Ms. Linda A. Warren of your office wrote Carrick McLaughlin forwarding copies of the notices of claim earlier filed by Mr. Cruzen and requesting additional information (copy enclosed). On November 10, 1988 I wrote to Ms. Jan Shurte enclosing copies of the claims with that additional information. Copies of that letter and of the claims are enclosed. Their numbers are as follows:

In addition, I note water right number 65-11401 in the name of Edward A. Cruzen (abstract enclosed) which was not listed on any of the claim forms sent me by Ms. Warren.

I understand that you will check the records in order to confirm for us that the claims of the Cruzen Ranch are in order and that they are listed as recognized water rights in the records of the Department and for purposes of the SRB adjudication.

For your convenience I enclose an additional copy of this letter on which you may, if you wish, reply, together with a stamped, self-addressed envelope.

Thank you very much for your help.

Sincerely yours,

Richard Murray

Cruzen Ranch

Dear Ms. Shurte:

Enclosed are the original notices of claim for water rights for the Cruzen Ranch signed by Deborah Cruzen Murray and Carrick Cruzen McLaughlin, the surviving general partners of the Cruzen Ranch. We should very much appreciate your reviewing these forms and advising me if they are in any way incomplete. As you see, we have used the partially completed notices sent to us by Ms. Werner in September, with such changes and additions necessary to complete them. We bring to your attention the following points keyed to the item numbers of the notices.

1. Claim is made on behalf of Cruzen Ranch, an Idaho General Partnership, which is the owner of the lands to which the water rights pertain.

5. We have completed the description of the diverting works.

8. As instructed we have calculated the consumptive use on the basis of 2 A.F.A. in Township 17 N. R.3 E. Please advise if this is incorrect.

13. As agreed, under item 13, other water rights used, we have cross-referenced, on Notice A65-03186 only, the other water rights (by identification number) of the Cruzen Ranch, with cross-references to Notice A-65-03186 in the remaining notices.

6. We have attached a map of the Cruzen Ranch, with the Ranch property outlined in yellow. The map was prepared by the Valley County ASCS Office, and forwarded to us with James A. Knecht's letter for October 13, 1988. We understand that this map will be acceptable as the "Map of Project."

We have been advised by Art Bollar that the three claims you sent us for the Lake Irrigation District (Nos. A 15-03218, 03219X and 03219A) have been completed and filed by Dr. Harold Nokes, Chairman of the Board of that district. If anything further is required, please let us know.

Thank you very much for all of your help.
