STATE OF IDAHO, IN AND FOR THE COUNTY OF GEM

IN THE MATTER OF THE GENERAL	)	Civil No. 3667
DETERMINATION OF THE RIGHT TO	)	
THE USE OF SURFACE AND GROUND-	)	STIPULATION AND ORDER:
WATER OF THE PAYETTE RIVER	)	PANCHERIS AND LESLIE
DRAINAGE BASIN	)	

The director of the Idaho Department of Water Resources, Darwin Pancheri and Joan L. Pancheri, Duane Pancheri and Laura Pancheri ("Pancheris" herein), and William John Leslie ("Leslie" herein) stipulate to the following water rights for the Pancheris and Leslie, and A. L. Cattle, Inc. within the Brush Creek drainage which is tributary to the North Fork of the Payette River. All of these water rights are listed in complete detail in the attached Exhibit A, but are listed in an abbreviated form here.

the original stipulation and
order filed in this cause

1986, at 1:50 p.m.
J. R. Donahue
District Judge*

1. Andy Creek, tributary to South Fork Moores Creek
65-3420 (Leslie): 2.08 cfs for irrigation with a
priority date of 4/1/1894;
2. House Creek, tributary to North Fork Moore's Creek
65-3419 (Leslie): 2.62 cfs for irrigation with a
priority date of 4/1/1894;
3. Moores Creek, tributary to Brush Creek
65-11250 (Pancheris): 4.86 cfs for irrigation with a
priority date of 5/1/1899;
4. North Fork Moores Creek, tributary to Moores Creek
65-3419 (Leslie): 2.62 cfs for irrigation with a
priority date of 4/1/1894;
65-3420 (Leslie): 2.08 cfs for irrigation with a
priority date of 4/1/1894;
5. South Fork Moores Creek, tributary to Moores Creek
65-3420 (Leslie): 2.08 cfs for irrigation with a
priority date of 4/1/1894;
6. Springs, tributary to Moores Creek
65-3418 (Leslie): 0.04 cfs for irrigation with a
priority date of 4/1/1910.

With respect to rights 65-3418, 65-3419, 65-3420 (in the name of Leslie), the Pancheris and Leslie agree as follows. Although right 65-3418 on springs tributary to Moores Creek is junior in priority to the Pancheris' downstream right 65-11250 on Moores Creek, it will be considered for distribution purposes to be a prior right as long as the following conditions are satisfied:

a. The use of water by Leslie, his successors, heirs and assigns under rights 65-3418, 65-3419, and 65-3420 will not be expanded to lands not shown to be irrigated on the attached Exhibit A. That is if the Exhibit shows a given number of acres irrigated in a quarter section, Leslie will not increase the number of acres being irrigated in that fractional section.

1 b. Leslie agrees, for and on behalf of himself, his
2 successors, heirs and assigns, not to change the
3 method of irrigating under rights 65-3418, 65-3419,
4 and 65-3420 even though the method of irrigating can
be changed without increasing the consumptive use,
such as changing from the present method of
irrigating, flood irrigation, to sprinklers.

5 c. Leslie agrees for and on behalf of himself, his
6 successors, heirs and assigns not to change either
7 the place of use of the water or the points of
8 diversion without first obtaining the written consent
9 of the Pancheris or the Pancheris' successors, heirs
and assigns. A replacement to a damaged headgate
will not constitute a change in point of diversion
where the point of diversion is not substantially
changed.

10 d. Leslie agrees, for and on behalf of himself, his
11 successors, heirs and assigns to use the water in
12 such a manner that all water not needed for the
13 propagation of crops will either be left in the
14 natural drainage or will be returned back to Moores
15 Creek upstream from the Pancheris' point of diversion
16 as it presently exists. The parties to this
17 stipulation acknowledge the existence of a rotation
18 agreement between Leslie and MacGregor which is
19 attached as Exhibit B.

20 e. The enforcement of those conditions which occur
21 after the water is diverted from the natural channel
22 will be the responsibility of the private parties,
23 except that Water Resources may also exercise its
24 authority under Title 42, Idaho Code.

25 The Pancheris and Leslie further agree, based upon
26 this stipulation, to withdraw the objections that each had
27 filed affecting their respective rights on Andy Creek, House
Creek, Moores Creek, North Fork Moores Creek and South Fork
Moores Creek.
