DETERMINATION OF THE RIGHT TO	)	
THE USE OF SURFACE AND GROUND-	)	STIPULATION AND ORDER:
WATER OF THE PAYETTE RIVER	)	PANCHERIS AND LESLIE
DRAINAGE BASIN	)	

The director of the Idaho Department of Water Resources, Darwin Pancheri and Joan L. Pancheri, Duane Pancheri and Laura Pancheri ("Pancheris" herein), and William John Leslie ("Leslie" herein) stipulate to the following water rights for the Pancheris and Leslie, and A. L. Cattle, Inc. within the Brush Creek drainage which is tributary to the North Fork of the Payette River. All of these water rights are listed in complete detail in the attached Exhibit A, but are listed in an abbreviated form here.

1. Andy Creek, tributary to South Fork Moores Creek
65-3420 (Leslie): 2.08 cfs for irrigation with a
priority date of 4/1/1894;
2. House Creek, tributary to North Fork Moore's Creek
65-3419 (Leslie): 2.62 cfs for irrigation with a
priority date of 4/1/1894;
3. Moores Creek, tributary to Brush Creek
65-11250 (Pancheris): 4.86 cfs for irrigation with a
priority date of 5/1/1899;
4. North Fork Moores Creek, tributary to Moores Creek
65-3419 (Leslie): 2.62 cfs for irrigation with a
priority date of 4/1/1894;
65-3420 (Leslie): 2.08 cfs for irrigation with a
priority date of 4/1/1894;
5. South Fork Moores Creek, tributary to Moores Creek
65-3420 (Leslie): 2.08 cfs for irrigation with a
priority date of 4/1/1894;
6. Springs, tributary to Moores Creek
65-3418 (Leslie): 0.04 cfs for irrigation with a
priority date of 4/1/1910.

With respect to rights 65-3418, 65-3419, 65-3420 (in the name of Leslie), the Pancheris and Leslie agree as follows. Although right 65-3418 on springs tributary to Moores Creek is junior in priority to the Pancheris' downstream right 65-11250 on Moores Creek, it will be considered for distribution purposes to be a prior right as long as the following conditions are satisfied:

a. The use of water by Leslie, his successors, heirs and assigns under rights 65-3418, 65-3419, and 65-3420 will not be expanded to lands not shown to be irrigated on the attached Exhibit A. That is if the Exhibit shows a given number of acres irrigated in a quarter section, Leslie will not increase the number of acres being irrigated in that fractional section.

1 b. Leslie agrees, for and on behalf of himself, his
2 successors, heirs and assigns, not to change the
3 method of irrigating under rights 65-3418, 65-3419,
4 and 65-3420 even though the method of irrigating can
be changed without increasing the consumptive use,
such as changing from the present method of
irrigating, flood irrigation, to sprinklers.

5 c. Leslie agrees for and on behalf of himself, his
6 successors, heirs and assigns not to change either
7 the place of use of the water or the points of
8 diversion without first obtaining the written consent
9 of the Pancheris or the Pancheris' successors, heirs
and assigns. A replacement to a damaged headgate
will not constitute a change in point of diversion
where the point of diversion is not substantially
changed.

10 d. Leslie agrees, for and on behalf of himself, his
11 successors, heirs and assigns to use the water in
12 such a manner that all water not needed for the
13 propagation of crops will either be left in the
natural drainage or will be returned back to Moores
Creek upstream from the Pancheris' point of diversion
as it presently exists. The parties to this
stipulation acknowledge the existence of a rotation
agreement between Leslie and MacGregor which is
attached as Exhibit B.

15 e. The enforcement of those conditions which occur
16 after the water is diverted from the natural channel
17 will be the responsibility of the private parties,
except that Water Resources may also exercise its
18 authority under Title 42, Idaho Code.

19
20 The Pancheris and Leslie further agree, based upon
21 this stipulation, to withdraw the objections that each had
22 filed affecting their respective rights on Andy Creek, House
23 Creek, Moores Creek, North Fork Moores Creek and South Fork
24 Moores Creek.

16 herein contained, it is agreed as follows, to wit:

17 1. That in the early spring when there is sufficient
18 water for the irrigation of the respective lands of both
19 parties, both parties shall be entitled to take and divert
20 the water of said creek, or so much thereof, as may be nec-
21 essary for the proper irrigation of the lands of said parties.
22 That in connection with the use of the common ditch commonly
23 referred to as Lateral No. 3, it is agreed with the inception
24 of the irrigation season that starting with the 1st day of
25 May of each year, second party shall have the use of said
26 ditch for three days; that thereafter first party shall have
27 the full exclusive use of said ditch for eight days, and
28 that thereafter during the irrigation season the parties
29 hereto will alternate the use of said ditch on the basis of
30 eight days for first party and three days for second party

12 be worked out as follows, to wit:

13 Commencing with the 6th day of July second party shall
14 have the exclusive right to the use of all waters of said
15 creek starting at 8 o'clock on the morning of said day and

7 respective parties.

8 7. It is further agreed that this covenant for the
9 use of said waters of Moore's Creek shall be a covenant
10 running with the land and shall be binding on the heirs,

FROM: D. SHAFF

SUBJECT: TELECON w/ DAISY LESUE MILLER

Called to verify her address and advise her of the questions raised about water rights held jointly by her and her son, Bill Leslie. She mentioned a John(?) Miller (maybe first name James) had earlier filed but dropped a water rights suit in the district court for Valley Co.
