Dear Claimant(s):

This office has received your Notice of Claim(s) to a Water Right for the use of water within the Snake River Basin Water System. However, due to the item(s) checked below, we cannot process this claim(s). We are returning the claim to you along with your check number 125 in the amount of \$25.00 for the adjudication filing fee. The following items need to be corrected or added:

Item No. 2 & 3 - Priority Date and Source - An adjudication claim filed on a water use from a GROUNDWATER source with a priority date (date of first use) after March 25, 1963, for uses other than a single family domestic and/or stockwater use (up to 1,000 head), may be rejected at the time of review. The mandatory cutoff date for filing on grandfather uses, other than the single family domestic/stockwater exception above is March 25, 1963. After this date applications for permit were required to be filed prior to any development. If your use is for multiple domestic homes, a way to maintain the priority date for each home is to file a separate adjudication claim for each. Each claim would then meet the single family domestic exemption. However, a \$25.00 fee is still required for each claim filed. Claim forms with instructions are enclosed for your use. The other alternative is to file an Application for Permit which could include all uses on one form. However, the date of priority for your uses will be the date the application is received in our office. Enclosed is an application for permit with instructions. Please note that there is no deadline for filing the application form. Please be aware that your adjudication claim can be filed as it was previously submitted, however, you run the risk of losing your water right later if the claim is rejected.

✓ Item No. 2 & 3 - Priority Date and Source - An adjudication claim filed on a water use from a SURFACE WATER source with a priority date (date of first use) after May 20, 1971, may be rejected at the time of review. The mandatory cutoff date for filing water rights on grandfather uses from a
