Dear Claimants:

Enclosed is a copy of the above referenced claim which reflects your change in address.

The Department will contact you in the future concerning any requirements that may be needed in order to process these claims for final court decree.

Please note, the address has also been changed on water right numbers 65-03821, 65-03822, 65-03823, 65-03826 and 65-03827 which have already been decreed by the SRBA Court.

If you have any questions concerning the enclosed claim, please feel free to contact this office.

Sincerely,

Denise Buffington
Records Clerk

8-11-99 Meeting with Joe Eld (our office)
Re: A65-03825, -02367, 209002

1. POB in NWSE is wrong - should be
SENW - water could not be delivered
from NWSE to all of the POB.

2. POB in SENW should be SENW. This
land is ~~never~~ owned SENW and "never
irrigated that land." The SENW has
lost over WR from the pond on that
property. PRBA decree is wrong.

3. Recommend 3825-A from POB
in SENW, but disallow 3825-B.
3825-B has not been delivered
water to POB for many years and
won't be in the future - no system in place

4. A65-7002 A, B, C are OK but hasn't been
delivered for years. Same POB as 3825-A
A65-02367 is OK but hasn't been
delivered for years. OK to split and
recommmend.

THIS MAP WAS REVIEWED BY
JOE ELD DURING A MEETING AT
THE WESTERN REGION OFFICE
ON 8/11/1999. SEE NOTES
DATED THE SAME.

Re: A65-03825A & A65-03825B

Dear Mr. Eld:

I'm reviewing the above referenced water right claims you filed in the Snake River Basin Adjudication (SRBA) and I need your assistance.

The original water right, 65-03825, on which these two claims are based was decreed in the Payette River Basin Adjudication in 1986. The enclosed profile report describes the right as it was decreed. When 65-03825 was claimed in the SRBA it was split into the two claims referenced above. In reviewing the two claims I have some concerns that need to be addressed.

My first concern is whether this right is still a valid water right. Since the land to which the right is appurtenant has been subdivided and is now owned by many parties, raises the question as to whether the water can and is still applied beneficially to the place of use. Also, since the collection pond and points of diversion are now owned by Dale Eld, raises the question as to what kind of diversion system still exists that will deliver water to the place of use.

My next concern is that when the base right 65-03825 was split into claims A65-03825A & A65-03825B, the total number of acres was expanded from 121 to a total of 161. A65-03825A claims 40 acres of irrigation in the SWNW, Sec. 33 but the original right does not list this 40 acre parcel as part of the place of use. It is possible for us to recognize that water was moved from another 40 acres to the SWNW, Sec. 33 if the transfer occurred between February, 1986 and November, 1987. Please provide me with any information you have that addresses this issue.

Enclosed is a copy of an infrared aerial map of the area described by the above referenced SRBA claims. Please draw on the map the irrigation delivery system for the claims and the place of use that still receives the waste water that is the source for these rights. Call me at the number below if you want to discuss these matters in more detail.

Page 2
William Eld
July 13, 1999

At the present time it is my intention to disallow claim A65-03825A as an illegal expansion unless I receive sufficient evidence to support a valid transfer of waste water from other land to the 40 acre parcel described in the claim.

I need your assistance before August 1, 1999 in providing all of the information you can about the history and current status of these two rights. Soon after this date I will make my recommendations for both claims.

Cordially,

Mel Schulte
